**AN ACT TO REPEAL CHAPTER 6 OF TITLE 61 OF THE 1962 CODE, RELATING TO INSURANCE AND ANNUITY BENEFITS OF PEACE OFFICERS, AND TO AMEND ACT NO. 799 OF 1962 WHICH PROVIDES FOR A POLICE OFFICERS' RETIREMENT SYSTEM, SO AS TO INCLUDE ADDITIONAL OFFICERS UNDER THE PROVISIONS THEREOF OR UNDER THE SOUTH CAROLINA RETIREMENT SYSTEM.**

Be it enacted by the General Assembly of the State of South Carolina :

**SECTION 1. Chapter 6, Title 61, 1962 Code, repealed—transfer of Police Insurance and Annuity Fund to S. C. Police Officers' Retirement System.**—(1) Chapter 6 of Title 61 of the 1962 Code, providing for the Police Insurance and Annuity Fund, is repealed as of June 30, 1963.

(2) The Police Insurance and Annuity Fund shall be terminated as of June 30, 1963 and no business shall be transacted in the name of, or in behalf of, such fund except as may be deemed necessary by the State Budget and Control Board to carry out the provisions hereof.

(3) As soon as practicable after June 30, 1963, and in no event later than September 30, 1963, the total assets of the Police Insurance and Annuity Fund shall be transferred to the South Carolina Police Officers' Retirement System established under the provisions of Act No. 799 of 1962.

(4) The State Auditor is hereby authorized to undertake forthwith such review and analysis of the total assets of the Police Insurance and Annuity Fund, in cooperation with the Board of Commissioners of such fund, as he may deem necessary to assure the prompt completion of the transfer set forth in Item (3) of this section.

(5) All retirement allowances otherwise payable to police officers retired under such fund and in force on June 30, 1963, and all death benefits otherwise payable on account of such retired police officers, shall become payable under the South Carolina Police Officers' Retirement System effective as of July 1, 1963; *provided*, that each such allowance shall be reduced by four dollars per month, representing the monthly amount of the dues each such retired police officer would otherwise have been required to pay, directly or indirectly, to such fund. For the purpose of payment of such allowances and such death

benefits under the system, there is hereby appropriated from the General Fund of the State for the fiscal year July 1, 1963 to June 30, 1964 the sum of three hundred seventy-five thousand dollars, to be paid monthly on warrants approved by the system. Appropriations for this purpose shall hereafter be made annually in the General Appropriations Act.

(6) Notwithstanding anything herein to the contrary, the following provisions shall apply with respect to, and only to, any political subdivision, agency or department of the State which, on or before June 30, 1963, shall have been admitted as an employer under the South Carolina Police Officers' Retirement System. For each calendar month in the year July 1, 1962 to June 30, 1963 for which such employer shall have paid employer contributions, such employer shall be exempt from remitting to the Board of Commissioners of the Police Insurance and Annuity Fund the monthly amount otherwise required to be remitted from fines imposed and collected or from appearance bonds forfeited and collected. Such exemption shall be for the sole purpose of eliminating the duplication of cost to any such employer which would otherwise occur if such remittances and such employer contributions were required for the same calendar month. The State Budget and Control Board shall, either before or after completion of the transfer set forth in Item (3) of this section, cause to be made such adjustments as it shall find necessary in the employer contributions payable to the South Carolina Police Officers' Retirement System by any such employer in order that such purpose shall be achieved equitably with respect to each such employer.

(7) If a police officer is a participant in the Police Insurance and Annuity Fund at the termination of the fund as of June 30, 1963, and if he is then in the service of a political subdivision, agency or department of the State which has not then become an employer under the system, he shall be entitled to a refund of his aggregate contributions previously made by him to the fund. Such refund shall be made as promptly as possible following his application therefor and he shall not be entitled to any other credit or benefit on account of his participation in the fund nor shall he be a member of the system while his refund is being processed. Furthermore, he shall become a member of the South Carolina Retirement System as of July 1, 1963; *provided*, he is in the service of a political subdivision participating as an employer in such Retirement System, but without credit for any service rendered prior to July 1, 1963; *provided*, further, that if such

In no event shall credit be granted for any service rendered by a member prior to his becoming a member unless he becomes such on or before June 30, 1963.”

**SECTION 3. Item (3), Section 4 of Act 799 of 1962, amended—requirements for membership after July 1, 1963.**—Item (3) of Section 4 of Act No. 799 of 1962 is amended by adding at the end thereof the following:

“Notwithstanding the foregoing, no person shall become a member on or after July 1, 1963 unless his employer certifies to the system that his service as a police officer will require at least one thousand six hundred hours per year of active duty and that his salary for such service will be at least two thousand dollars per year. If in any year subsequent to such certification the member does not render at least one thousand six hundred hours of active duty as a police officer, or if he does not receive at least two thousand dollars in salary, his mem-

"(7) Notwithstanding any other provision to the contrary, any member who shall have become such on or before June 30, 1963 may, if his employer is also an employer under the South Carolina Retirement System, request in writing received by the system not later than June 30, 1963 that his membership in the system shall cease and that his contributions previously made to the system be transferred to the South Carolina Retirement System, in which event his credited service in the system shall be recognized in the South Carolina Retirement System for the sole purpose of determining his eligibility for any benefit thereunder for which he may subsequently apply. Such transfer shall be irrevocable and the State Budget and Control Board shall establish such rules as it may deem necessary to assure that each transferring officer is treated equitably hereunder."

**SECTION 5. Item (1), Section 5 of Act 779 of 1962, amended—credited service of members.**—Item (1) of Section 5 of Act No. 779 of 1962 is amended by striking it out and inserting in lieu thereof the following:

(11) To expend any funds received in any manner consistent with their approved budget, including the proceeds derived from any bonds issued by Berkeley, Charleston and Dorchester Counties to defray any costs incident to the establishment of adequate facilities for the program, and thereafter to expend such funds for the operation, maintenance and improvement of the facilities.

**No. 131**

**An Act To Amend Sections 21-3071, 21-3073 And 21-3074 Of The 1962 Code, Relating To The Horry County Higher Education Commission, So As To Further Define Its Membership, Power And Function.**

Be it enacted by the General Assembly of the State of South Carolina:

**SECTION 1. Findings of General Assembly.**—The General Assembly notes that a determined effort has been made in Horry County to promote an institution of higher learning which would provide educational facilities to residents of Horry County beyond those available in the public schools of Horry County. Such effort has been promoted by the Coastal Educational Foundation, Inc., an eleemosynary corporation chartered on October 19, 1954, and by the Horry County Higher Education Commission.

It is found that a need exists for physical facilities in which an appropriate institution of higher learning can function, and being mindful that under the provisions of Section 6 of Article X of the State Constitution it may authorize Horry County to incur bonded debt for educational purposes, the General Assembly has determined to provide a means by which an appropriate building can be constructed and equipped and thereafter leased to and operated by either of Coastal Educational Foundation, Inc., or such other agency as may hereafter be authorized by the General Assembly to function in such field. It wishes, however, to maintain an element of control over the use of any building constructed for such purposes, in order to insure its functioning under conditions best suited for the promotion of higher education in Horry County, and, in order that, if it shall hereafter be determined that the building whose construction and equipping is herewith authorized shall not be utilized in such a manner as to best promote higher education for residents of the county, the build-

ing may henceforth be devoted to other educational or county purposes. To that end it has determined to redefine the membership of the Commission and to redefine its functions and powers.

**SECTION 2. Section 21-3071, 1962 Code, amended—Horry County Higher Education Commission created.**—Section 21-3071 of the 1962 Code is amended to read as follows:

The Commission shall first acquire in fee simple an appropriate site and thereafter shall take such steps as may be necessary for the construction and equipping of such a building thereon. It shall determine the best available method by which the building may be utilized for the promotion of higher education for residents of the county and if it concludes that the institution now operated by the Coastal Educational Foundation, Inc. provides the best opportunity for the advancement of higher education in the county, then it may lease the building to such corporation. The Commission shall be empowered:

(12) To impose such terms and conditions in any lease which it shall make, which will reserve in the Commission the right to supervise the activities of any lessee, in order to insure the utilization of its facilities for the purposes herein intended.

In offering the bonds for sale the commission shall reserve the right to reject any and all bids, and if all bids shall be rejected the commission may negotiate privately for the disposition of such bonds.

(c) Such bonds and all interest to become due thereon shall have the tax exempt status prescribed by Section 65-4.1 of the 1962 Code.

(d) Such bonds shall be executed in the name of "Piedmont Park Fire District" by the Chairman of the Piedmont Park Fire District Commission and by the Treasurer of Greenville County and under the seal of the district. The coupons attached to such bonds may be authenticated by the facsimile signatures of the Chairman of the Piedmont Park Fire District and the Treasurer of Greenville County who are in office at the date of such bonds. The delivery of any bonds so executed and authenticated shall be valid, notwithstanding any changes in offices occurring after such execution or authentication.

The bonds may be additionally secured by a pledge of the net revenues which the district may derive from the operation of any revenue-producing facility. In such event, such net revenues as shall be available shall be delivered to the Treasurer of Greenville County prior to the occasion when the auditor fixes the annual levy. The annual ad valorem tax herein directed to be levied may be reduced in each year by the amount of net revenues as aforesaid actually in the hands of the Treasurer of Greenville County at the time the tax for such year is required to be levied, and the tax may be entirely suspended for any year in case such moneys on hand, applicable as aforesaid, are sufficient to pay both principal and interest then due or falling due in such year and remaining unpaid.

(f) The pledge of net revenues authorized by subparagraph (e) of this paragraph need not, in the discretion of the commission, be exclusive and the commission may reserve the right to issue further bonds, payable in whole or in part, from such net revenues, on a parity with the bonds authorized by this paragraph, under such conditions as the commission may prescribe.

(g) The proceeds derived from the sale of such bonds shall be deposited with the Treasurer of Greenville County in a separate and special fund and shall be expended upon the warrants or orders of

the commission for the purposes specified herein, and no others except that any premium received shall be deposited with the Treasurer of Greenville County and by him applied to the first installment of principal becoming due on the bonds, and any accrued interest received shall be applied by the Treasurer of Greenville County to the first installment of interest becoming due on the bonds. Neither the purchasers of the bonds, nor any subsequent holders thereof, shall be responsible for the proper application of the proceeds of sale.

19. The Election Commission for Greenville County shall make provision for the holding of a special election in the district, on a date to be fixed by the Election Commission, at which time there shall be submitted to the qualified electors of the district the question of issuing bonds of the district for the purposes authorized by paragraph 3 of this section. The election shall be conducted by the commissioners of election for Greenville County who shall give notice thereof by publication once each week for three successive weeks prior thereto, in one or more newspapers with general circulation in the district, stating the question to be submitted at the election, and specifying the amount in dollars of the bonds proposed to be issued. The election shall be conducted in each of the several precincts of the district as the same are now established by law, and at the regular voting place therein, if such be within the district; otherwise, the commissioners of election shall designate a suitable voting place within such precinct. The question submitted shall show on its face the primary purpose or purposes for which the proceeds of the bond issue are to be expended and with the blank set forth therein approximately completed. The question shall be substantially in the following form:

“Shall the Piedmont Park Fire District issue bonds in a sum not exceeding two hundred seventy-five thousand dollars, the proceeds of which shall be used to construct and establish a fire prevention and fire control system in the district?

YES

NO”

The ballot shall contain suitable instructions, advising the voter that if he favors the issuance of bonds he shall erase or strike through the word “NO”, and that if he is opposed to the issuance of bonds, he shall erase or strike through the word “YES”. The managers of election at each precinct shall count the ballots and forthwith return the result of the election, together with the original ballots and tally sheets,

to the Commissioners of Election for Greenville County, who shall declare the result of the election. If the commissioners determine that a majority of the voters voting in the election voted in favor of the issuance of bonds, the bonds, or any part thereof, may be issued as provided in paragraph 18 of this section; but if the commissioners determine that a majority of the ballots cast in the election be against the issuance of bonds, then no bonds shall be issued under the provisions of paragraph 18 of this section. Save and except as herein provided, the election shall be conducted in accordance with the provisions of the South Carolina Election Law.

20. Do all other acts and things necessary or convenient to carry out any function or power committed or granted to the district.

21. The commission is vested with the power to raise funds for discharging the duties vested in it by levying a tax therefor. The commission shall notify the auditor and treasurer of any desired tax, whereupon they shall assess and collect the tax as requested and the treasurer shall hold the funds and disburse them as directed by the commission. All such taxes shall constitute a lien upon the property against which the same are levied, on a parity with the lien of county taxes, and the provisions of law relating to penalties for the nonpayment or tardy payment of county taxes, and the provisions relating to sale of property for delinquent county taxes shall apply to taxes levied pursuant to this act.

Supervision of equipment.**—The fire chief or equivalent official of the truck company to which the equipment is assigned shall have complete supervision over its usage and operation, and it shall be his responsibility to insure that the equipment is readily available for use at all times.

**No. 174**

**An Act To Require That Those Buildings And Facilities, Constructed In The State By The Use Of State, County Or Municipal Funds, Shall Adhere To The Principles Prescribed By This Act In Order To Make These Buildings And Facilities Accessible To, And Useable By, The Physically Handicapped.**

Be it enacted by the General Assembly of the State of South Carolina :

**SECTION 1. Act applicable to certain public buildings.**—The standards and specifications set forth in this act shall apply to all

buildings and facilities used by the public which are constructed in whole or in part by the use of State, county or municipal funds, or the funds of any political subdivision of the State. All such buildings and facilities constructed in this State after the effective date of this act from any one of these funds or any combination thereof shall conform to each of the standards and specifications prescribed herein except where the authority responsible for the proper construction for the particular governmental department, agency or unit concerned shall determine, after taking all circumstances into consideration, that full compliance with any particular standard or specification is impracticable. These standards and specifications shall be adhered to in those buildings and facilities under construction on the effective date of this act, unless the authority responsible for the construction shall determine that the construction has reached a state where compliance is impractical. This act shall apply to temporary or emergency construction as well as permanent buildings.

**SECTION 2. Intent of act.**—(a) This act is concerned with non-ambulatory disabilities, semiambulatory disabilities, sight disabilities, hearing disabilities, disabilities of incoordination, and aging.

(b) It is intended to make all buildings and facilities covered by this act accessible to, and functional for, the physically handicapped to, through, and within their doors, without loss of function, space, or facility where the general public is concerned.

**SECTION 3. Definitions.**—For the purposes of this act the following terms shall have the meanings as herein set forth:

(a) “Nonambulatory disabilities” shall mean impairments that, regardless of cause or manifestation, for all practical purposes, confine individuals to wheel chairs.

(b) “Semiambulatory disabilities” shall mean impairments that cause individuals to walk with difficulty or insecurity. Individuals using braces or crutches, amputees, arthritics, spastics, and those with pulmonary and cardiac ills may be semiambulatory.

(c) “Sight disabilities” shall mean total blindness or impairments affecting sight to the extent that the individual functioning in public areas is insecure or exposed to danger.

(d) “Hearing disabilities” shall mean deafness or hearing handicaps that might make an individual insecure in public areas because he is unable to communicate or hear warning signals.

(e) “Disabilities of incoordination” shall mean faulty coordination or palsy from brain, spinal or peripheral nerve injury.

(f) "Aging" shall mean those manifestations of the aging processes that significantly reduce mobility, flexibility, coordination, and perceptiveness but are not accounted for in the aforementioned categories.

(g) "Standard" shall mean that when this term appears in small letters it is descriptive and shall mean typical type.

(h) "Fixed turning radius, wheel to wheel" shall mean the tracking of the caster wheels and large wheels of a wheel chair when pivoting on a spot.

(i) "Fixed turning radius, front structure to rear structure" shall mean the turning radius of a wheel chair, left front-foot platform to right rear wheel, or right front-foot platform to left rear wheel, when pivoting on a spot.

(j) "Involved (involvement)" shall mean a portion or portions of the human anatomy or physiology, or both, that have a loss or impairment of normal function as a result of genesis, trauma, disease, inflammation, or degeneration.

(k) "Ramps, ramps with gradients" shall mean ramps with gradients (or ramps with slopes) that deviate from what would otherwise be considered the normal level. An exterior ramp, as distinguished from a "walk", shall be considered an appendage to a building leading to a level above or below existing ground level. As such, a ramp shall meet certain requirements similar to those imposed upon stairs.

(1) "Walk, walks," shall mean a predetermined, prepared-surface, exterior pathway leading to or from a building or a facility, or from one exterior area to another, placed on the existing ground level and not deviating from the level of the existing ground immediately adjacent.

(m) "Appropriate number" shall mean the number of a specific item that would be reasonably necessary, in accord with the purpose and function of a building or facility, to accommodate individuals with specific disabilities in proportion to the anticipated number of individuals with disabilities who would use a particular building or facility.

**SECTION 4. Design criteria.**—The following design criteria shall be applicable:

(a) The collapsible-model wheel chair of tubular metal construction with plastic upholstery for back and seat is most commonly used. The standard model of all manufacturers falls within the following limits, which are used as the basis of consideration:

(1) Length: 42 inches

- (2) Width, when open: 25 inches
- (3) Height of seat from floor: 19½ inches
- (4) Height of armrest from floor: 29 inches
- (5) Height of pusher handles (rear) from floor; 36 inches
- (6) Width, when collapsed: 11 inches

(b) The fixed turning radius of a standard wheelchair, wheel to wheel, is 18 inches. The fixed turning radius, front structure to rear structure, is 31.5 inches.

(c) The averaging turning space required (180 and 360 degrees) is 60 x 60 inches.

(d) A minimum width of 60 inches is required for two individuals in wheelchairs to pass each other.

(e) In a wheelchair the average unilateral vertical reach is 60 inches and ranges from 54 inches to 78 inches.

(f) The average horizontal working (table) reach is 30.8 inches and ranges from 28.5 inches to 33.2 inches.

(g) The bilateral horizontal reach, both arms extended to each side, shoulder high, ranges from 54 inches to 71 inches and averages 64.5 inches.

(h) An individual reaching diagonally, as would be required in using a wall-mounted dial telephone or towel dispenser, would make the average reach (on the wall) 48 inches from the floor.

(i) Most individuals ambulating on braces or crutches, or both, or on canes are able to manipulate within the specifications prescribed for wheelchairs, although doors present quite a problem at times. However, a crutch tip extending laterally from an individual is not obvious to others in heavily trafficked areas, and not as obvious or protective as a wheelchair and is, therefore, a source of vulnerability.

(j) On the average, individuals 5 feet 6 inches tall require an average of 31 inches between crutch tips in the normally accepted gaits.

(k) On the average, individuals 6 feet 0 inches tall require an average of 32.5 inches between crutch tips in the normally accepted gaits.

**SECTION 5. Ground to be level—walkways—parking spaces.—**

(a) The grading of ground, even contrary to existing topography, so that it attains a level with a normal entrance will make a facility accessible to individuals with physical disabilities.

(b) Public walks shall be at least 48 inches wide and shall have a gradient not greater than 5 per cent. These walks shall be of a con-

tinuing common surface, not interrupted by steps or abrupt changes in level. Wherever walks cross other walks, driveways, or parking lots they shall blend to a common level. A walk shall have a level platform at the top which is at least 5 feet by 5 feet, if a door swings out onto the platform or toward the walk. This platform shall extend at least 1 foot beyond each side of the doorway. A walk shall have a level platform at least 3 feet deep and 5 feet wide, if the door does not swing onto the platform or toward the walk. This platform shall extend at least 1 foot beyond each side of the doorway.

(c) Spaces in parking lots that are accessible to the building or facility shall be set aside and identified for use by individuals with physical disabilities. An adequate parking space is one that is open on one side and which allows room for individuals in wheelchairs or individuals on braces and crutches to get in and out of an automobile onto a level surface, suitable for wheeling and walking. Parking spaces for individuals with physical disabilities when placed between two conventional diagonal or head-on parking spaces shall be 12 feet wide. Care in planning shall be exercised so that individuals in wheelchairs and individuals using braces and crutches are not compelled to wheel or walk behind parked cars. Consideration shall be given to the distribution of spaces for use by the disabled in accordance with the frequency and regularity of their parking needs. Walks shall be in conformity with Section 5 of this act.

**SECTION 6. General specifications.**—(a) Where ramps with gradients are necessary or desired, they shall conform to the following specifications: A ramp shall not have a slope greater than 1 foot rise in 12 feet, or 8.33 per cent, or 4 degrees 50 minutes. A ramp shall have handrails on at least one side, and preferably two sides, that are 32 inches in height, measured from the surface of the ramp, that are smooth, that extend 1 foot beyond the top and bottom of the ramp, and that as far as practicable conform with American Standard Safety Code for Floor and Wall Openings, and Toe Boards as promulgated by the American Standards Association, Inc.

(b) A ramp shall have a surface that is nonslip. A ramp shall have a level platform at the top which is at least 5 feet by 5 feet, if a door swings out onto the platform or toward the ramp. This platform shall extend at least 1 foot beyond each side of the doorway. A ramp shall have a level platform at least 3 feet deep and 5 feet wide, if the door does not swing onto the platform or toward the ramp. This platform shall extend at least 1 foot beyond each side of the doorway. Each

ramp shall have at least 6 feet of straight clearance at the bottom. Ramps shall have level platforms at 30 foot intervals for purposes of rest and safety and shall have level platforms wherever they turn. At least one primary entrance to each building shall be useable by individuals in wheelchairs. At least one entrance useable by individuals in wheelchairs shall be on a level that would make the elevators accessible.

(c) Doors shall have a clear opening of no less than 32 inches when open and shall be operable by a single effort. The floor on the inside and outside of each doorway shall be level for a distance of 5 feet from the door in the direction the door swings and shall extend 1 foot beyond each side of the door. Sharp inclines and abrupt changes in level shall be avoided at doorsills. As much as practicable, thresholds shall be flush with the floor.

(d) Stairs shall conform to standards of the American Standards Association, Inc., with the following additional considerations:

Steps in stairs shall be designed wherever practicable so as not to have abrupt (square) nosing. Stairs shall have handrails 32 inches high as measured from the tread at the face of the riser. Stairs shall have at least one handrail that extends at least 18 inches beyond the top step and beyond the bottom step. Steps should, wherever possible, and in conformation with existing step formulas, have risers that do not exceed 7 inches.

(e) Floors shall wherever practicable have a surface that is non-slip. Floors on the same story shall be of a common level throughout or be connected by a ramp in accord with Section 6 (a) through the first paragraph of Section 6 (b), inclusive.

(f) An appropriate number of toilet rooms, in accordance with the nature and use of a specific building or facility, shall be accessible to, and useable by, the physically handicapped.

Toilet rooms shall have space to allow traffic of individuals in wheelchairs, in accordance with Section 4.

Toilet rooms shall have at least one toilet stall that

- (1) Is 3 feet wide
- (2) Is at least 4 feet 8 inches, preferably 5 feet deep
- (3) Has a door (where doors are used) that is 32 inches wide and swings out
- (4) Has handrails on each side, 33 inches high and parallel to the floor, 1½ inches in outside diameter, with 1½ inches clearance between rail and wall, and fastened securely at ends and center
- (5) Has a water closet with the seat 20 inches from the floor.

Toilet rooms shall have lavatories with narrow aprons, which when mounted at standard height are useable by individuals in wheelchairs; or shall have lavatories mounted higher, when particular designs demand, so that they are useable by individuals in wheelchairs.

Mirrors and shelves shall be provided above lavatories at a height as low as practicable and no higher than 40 inches above the floor, measured from the top of the shelf and the bottom of the mirror.

Toilet rooms for men shall have an appropriate number of wall-mounted urinals with the opening of the basin 19 inches from the floor, or shall have floor-mounted urinals that are on level with the main floor of the toilet room.

Toilet rooms shall have an appropriate number of towel racks, towel dispensers, and other dispensers and disposal units mounted no higher than 40 inches from the floor.

(g) An appropriate number of water fountains or other water-dispensing means shall be accessible to, and useable by, the physically disabled.

Water fountains or coolers shall have up-front spouts and controls. Water fountains or coolers shall be hand-operated or hand and foot-operated.

(h) An appropriate number of public telephones shall be made accessible to, and useable by, the physically disabled.

Such telephones shall be placed so that the dial and the handset can be reached by individuals in wheelchairs.

An appropriate number of public telephones shall be equipped for those with hearing disabilities and so identified with instructions for use.

(i) Elevators shall be provided and shall be accessible to, and useable by, the physically disabled at all levels normally used by the general public. Elevator control buttons shall have identifying features for the benefit of the blind. Elevators shall allow for traffic by wheelchairs.

(j) Switches and controls for light, heat, ventilation, windows, draperies, fire alarms, and all similar controls of frequent or essential use, shall be placed within the reach of individuals in wheelchairs.

**SECTION 7. Facilities to be suitable for blind persons.**—Appropriate identification of specific facilities within a building used by the public is essential to the blind. Raised letters or numbers shall be used to identify rooms and offices. Such identification shall be placed on the wall, to the right or left of the door, at a height

between 4 feet 6 inches and 5 feet 6 inches, measured from the floor, and preferably at 5 feet. Doors that are not intended for normal use, and that are dangerous if a blind person were to exit or enter by them, shall be made quickly identifiable to the touch by knurling the door handle or knob.

**SECTION 8. Suitable facilities for deaf and blind—elimination of hazards.**—(a) Audible warning signals shall be accompanied by simultaneous visual signals for the benefit of those with hearing disabilities.

(b) Visual signals shall be accompanied by simultaneous audible signals for the benefit of the blind.

(c) Every effort shall be exercised to obviate hazards to individuals with physical disabilities.

(d) Access panels or manholes in floors, walks, and walls can be extremely hazardous, particularly when in use, and shall be avoided where possible.

(e) When manholes or access panels are open and in use, or when an open excavation exists on a site, particularly when it is approximate to normal pedestrian traffic, barricades shall be placed on all open sides, at least 8 feet from the hazard, and warning devices shall be installed in accord with the provisions of subsection (b) of this section.

(f) Low-hanging door closers that are within the opening of a doorway when the door is open, or that protrude hazardously into regular corridors or traffic ways when the door is closed, shall be avoided.

(g) Low-hanging signs, ceiling lights, and similar objects or signs and fixtures that protrude into regular corridors or traffic ways shall be avoided. A minimum height of 7 feet, measured from the floor, shall be had.

**SECTION 9. Lighting specifications.**—Lighting on ramps shall be at least equal to that prescribed by the specifications of American Standards Association, Inc. Exit signs shall be in accordance with specifications of American Standards Association, Inc., except as modified by Section 7 of this act.

(b) In the administration of a decedent's estate or a testamentary trust or in the case of an asset received under a will by a trustee

(1) receipts due but not paid at the date of death of the testator are principal;

(2) receipts in the form of periodic payments (other than corporate distributions to stockholders), such as rent, interest, or annuities, not due at the date of the death of the testator shall be treated as accruing from day to day. That portion of such a receipt accruing before the date of death is principal and the balance is income.

(c) In all other cases, any receipt from an income producing asset is income even though the receipt was earned or accrued in whole or in part before the date when the asset became subject to the trust.

(d) On termination of an income interest, the income beneficiary whose interest is terminated, or his estate, is entitled to

(1) income undistributed on the date of termination;

(2) income due but not paid to the trustee on the date of termination; or

(3) income in the form of periodic payments (other than corporate distributions to stockholders), such as rent, interest, or annuities, not due on the date of termination, accrued from day to day.

(e) Corporate distributions to stockholders shall be treated as due on the day fixed by the corporation for determination of stockholders of record entitled to distribution or, if no date is fixed, on the date of declaration of the distribution by the corporation.

**SECTION 5. Expenses to be charged against principal—income earned during administration of estate.**—(a) Unless the will otherwise provides and subject to subsection (b), all expenses incurred in connection with the settlement of a decedent's estate, including debts, funeral expenses, estate taxes, interest and penalties concerning taxes, family allowances, fees of attorneys and personal representatives, and court costs shall be charged against the principal of the estate.

(b) Unless the will otherwise provides, income from the assets of a decedent's estate after the death of the testator and before distribution, including income from property used to discharge liabilities, shall be determined in accordance with the rules applicable to a trustee under this act and distributed as follows:

(1) to specific legatees and devisees, the income from the property bequeathed or devised to them respectively, less taxes, ordinary repairs, and other expenses of management and operation of the property, and an appropriate portion of interest accrued since the death of the testator and of taxes imposed on income (excluding taxes on capital gains) which accrue during the period of administration;

(2) to all other legatees and devisees, except legatees of pecuniary bequests not in trust, the balance of the income, less the balance of taxes, ordinary repairs, and other expenses of management and operation of all property from which the estate is entitled to income, interest accrued since the death of the testator, and taxes imposed on income (excluding taxes on capital gains) which accrue during the period of

administration, in proportion to their respective interests in the undistributed assets of the estate computed at times of distribution on the basis of inventory value.

(c) Income received by a trustee under subsection (b) shall be treated as income of the trust.

**SECTION 6. Corporate distributions.**—(a) Corporate distributions of shares of the distributing corporation, including distributions in the form of a stock split or stock dividend, are principal. A right to subscribe to shares or other securities issued by the distributing corporation accruing to stockholders on account of their stock ownership and the proceeds of any sale of the right are principal.

(b) Except to the extent that the corporation indicates that some part of a corporate distribution is a settlement of preferred or guaranteed dividends accrued since the trustee became a stockholder or is in lieu of an ordinary cash dividend, a corporate distribution is principal if the distribution is pursuant to

(1) a call of shares;

(2) a merger, consolidation, reorganization, or other plan by which assets of the corporation are acquired by another corporation; or

(3) a total or partial liquidation of the corporation. For the purposes of this section, a distribution is pursuant to a liquidation if the corporation so indicates, or if the corporation is making a distribution of assets, other than cash, pursuant to a court decree or final administrative order by a government agency ordering distribution of the particular assets.

(c) Distributions made from ordinary income by a regulated investment company or by a trust qualifying and electing to be taxed as a real estate investment trust under federal law are income. All other distributions made by such a company or trust, including distributions from capital gains, depreciation, or depletion, whether in the form of cash or an option to take new stock or cash or an option to purchase additional shares, are principal.

(d) Except as provided in subsections (a), (b), and (c), all corporate distributions are income, including cash dividends, distributions of or rights to subscribe to shares or securities or obligations of corporations other than the distributing corporation, and the proceeds of such rights or property distributions. Except as provided in subsections (b) and (c), if the distributing corporation gives a stockholder an option to receive a distribution either in cash or in its own shares, the distribution chosen is income.

(e) The trustee may rely upon any statement of the distributing corporation as to any fact relevant under any provision of this act concerning the source or character of dividends or distributions of corporate assets.

**SECTION 7. Bond premiums and discount.**—(a) Bonds or other obligations for the payment of money are principal at their inventory value, except as provided in subsection (b) for discount bonds. No provision shall be made for amortization of bond premiums or for accumulation for discount. The proceeds of sale, redemption, or other disposition of the bonds or obligations are principal.

(b) The increment in value of a bond or other obligation for the payment of money payable at a future time in accordance with a fixed schedule of appreciation in excess of the price at which it was issued is distributable as income. The increment in value is distributable to the beneficiary who was the income beneficiary at the time of increment from the first principal cash available or, if none is available, when realized by sale, redemption, or other disposition. Whenever unrealized increment is distributed as income but out of principal, the principal shall be reimbursed for the increment when realized.

**SECTION 8. Business and farming operations.**—(a) If a trustee uses any part of the principal in the continuance of a business of which the settlor was a sole proprietor or a partner, the net profits of the business, computed in accordance with generally accepted accounting principles for a comparable business, are income. If a loss results in any fiscal or calendar year, the loss falls on principal and shall not be carried into any other fiscal or calendar year for purposes of calculating net income.

(b) Generally accepted accounting principles shall be used to determine income from an agricultural or farming operation, including the raising of animals or the operation of a nursery.

**SECTION 9. Disposition of natural resources.**—(a) If any part of the principal consists of a right to receive royalties, overriding or limited royalties, working interests, production payments, net profit interests, or other interests in minerals or other natural resources in, on or under land, the receipts from taking the natural resources from the land shall be allocated as follows:

(1) If received as rent on a lease or extension payments on a lease, the receipts are income.

(2) If received from a production payment, the receipts are income to the extent of any factor for interest or its equivalent provided in the governing instrument. There shall be allocated to principal the fraction of the balance of the receipts which the unrecovered cost of the production payment bears to the balance owed on the production payment, exclusive of any factor for interest or its equivalent. The receipts not allocated to principal are income.

(3) If received as a royalty, overriding or limited royalty, or as a bonus, or from a working interest or net profit interest, or from any other interest in minerals or other natural resources, receipts not provided for in the preceding paragraphs of this section shall be apportioned on a yearly basis in accordance with this paragraph whether or not any natural resource was being taken from the land at the time the trust was established. Twenty-seven and one-half per cent of the gross receipts (but not to exceed fifty per cent of the net receipts remaining after payment of all expenses, direct and indirect, computed without allowance for depletion) shall be added to principal as an allowance for depletion. The balance of the gross receipts, after payment therefrom of all expenses, direct and indirect, is income.

(b) If a trustee, on the effective date of this act, held an item of depletable property of a type specified in this section, he shall allocate receipts from the property in the manner used before the effective date of this act, but as to all depletable property acquired after the effective date of this act by an existing or new trust, the method of allocation provided herein shall be used.

(c) This section does not apply to timber, water, soil, sod, dirt, turf, or mosses.

**SECTION 10. Sale of timber.**—If any part of the principal consists of land from which merchantable timber may be removed, the receipts from taking the timber from the land shall be allocated in accordance with Section 2 (a) (3).

**SECTION 11. Property subject to depletion.**—Except as provided in Sections 9 and 10, if the principal consists of property subject to depletion, including leaseholds, patents, copyrights, royalty rights, and rights to receive payments on a contract for deferred compensation, the receipts from the property not in excess of five per cent per year of its inventory value are income and the balance is principal.

**SECTION 12. Underproductive property.**—(a) Except as otherwise provided in this section, a portion of the net proceeds of sale

of any part of principal which has not produced an average net income of at least one per cent per year of its inventory value for more than a year (including as income the value of any beneficial use of the property by the income beneficiary) shall be treated as delayed income to which the income beneficiary is entitled as provided in this section. The net proceeds of sale are the gross proceeds received, including the value of any property received in substitution for the property disposed of, less the expenses, including capital gains tax, if any, incurred in disposition and less any carrying charges which have been paid while the property was underproductive.

(b) The sum allocated as delayed income is the difference between the net proceeds and the amount which, had it been invested at simple interest at four per cent per year while the property was underproductive, would have produced the net proceeds. This sum plus any carrying charges and expenses previously charged against income while the property was underproductive, less any income received by the income beneficiary from the property and less the value of any beneficial use of the property by the income beneficiary, is income, and the balance is principal.

(c) An income beneficiary or his estate is entitled to delayed income under this section as if it accrued from day to day during the time he was a beneficiary.

(d) If principal subject to this section is disposed of by conversion into property which cannot be apportioned easily, including land or mortgages (for example, realty acquired by or in lieu of foreclosure), the income beneficiary is entitled to the net income from any form of property or obligation into which the original principal was converted while the property or obligation is held. If within five years after the conversion the property into which the underproductive property is converted has not been further converted into easily apportionable property, no allocation as provided in this section shall be made.

**SECTION 13. Charges against income and principal.**—(a) The following charges shall be made against income:

(1) Ordinary expenses incurred in connection with the administration, management, and preservation of the trust property, including regularly recurring taxes assessed against any portion of the principal, water rates, premiums on insurance taken upon the interests of the income beneficiary, remainderman or trustee, interest paid by the trustee, and ordinary repairs;

(2) A reasonable allowance for depreciation on property subject to depreciation under generally accepted accounting principles, but no allowance shall be made for depreciation of that portion of any real property used by a beneficiary as a residence or for depreciation of any property held by the trustee on the effective date of this act for which the trustee was not then making an allowance for depreciation;

(3) One-half of court costs, attorney's fees, and other fees on periodic judicial accounting, unless the court directs otherwise;

(4) Court costs, attorney's fees, and other fees on other accountings or judicial proceedings if the matter primarily concerns the income interest, unless the court directs otherwise;

(5) One-half of the trustee's regular compensation, whether based on a percentage of principal or income, and all expenses reasonably incurred for current management of principal and application of income;

(6) Any tax levied upon receipts defined as income under this act or the trust instrument and payable by the trustee.

(b) If charges against income are of unusual amount, the trustee may by means of reserves or other reasonable means charge them over a reasonable period of time and withhold from distribution sufficient sums to regularize distributions.

(c) The following charges shall be made against principal:

(1) Trustee's compensation not chargeable to income under subsections (a) (4) and (a) (5), including special compensation of trustees and expenses reasonably incurred in connection with the principal, court costs and attorney's fees concerning matters of principal, and trustee's compensation computed on principal as an acceptance, distribution, or termination fee;

(2) Charges not provided for in subsection (a), including the cost of investing and reinvesting principal, the payments on principal of an indebtedness (including a mortgage amortized by periodic payments of principal), expenses for preparation of property for rental or sale, and, unless the court directs otherwise, expenses incurred in maintaining or defending any action to protect or construe the trust or the property or assure the title of any trust property;

(3) Extraordinary repairs or expenses incurred in making a capital improvement to principal, including special assessments, but, to the extent permitted by subsection (a) (2) and by Section 8 a trustee may establish an allowance for depreciation out of income;

(4) Any tax levied upon profit, gain, or other receipts allocated to principal notwithstanding denomination of the tax as an income tax by the taxing authority;

(5) If an estate or inheritance tax is levied in respect of a trust in which both an income beneficiary and a remainderman have an interest, any amount apportioned to the trust, including interest and penalties, even though the income beneficiary also has rights in the principal.

(d) Regularly recurring charges payable from income shall be apportioned to the same extent and in the same manner that income is apportioned under Section 4.

**SECTION 14. Application of act.**—Except as specifically provided in the trust instrument or the will or in this act, this act shall apply to any receipt or expense received or incurred after the effective date of this act by any trust or decedent's estate whether established before or after the effective date of this act and whether the asset involved was acquired by the trustee before or after the effective date of this act.

**SECTION 15. Act to be uniform.**—This act shall be so construed as to effectuate its general purpose to make uniform the law of those states which enact it.

**SECTION 16. Citation of act.**—This act may be cited as the Revised Uniform Principal and Income Act.

**SECTION 17. Time effective.**—This act shall take effect upon approval by the Governor.

**An Act To Amend Article 2, Chapter 6, Of Title 66 Of The 1962 Code, Relating To Liquefied Petroleum Gas, So As To: Further Provide For The Membership Of The Governing Board; Prescribe Their Terms, Powers And Duties; Further Provide For The Licensing Of Dealers; Increase The Amount Of Insurance Required And Make Certain Exceptions Thereto; Provide For Inspection Of Premises And Equipment; Provide For Reports Concerning Electrical Grounds, Fires And Explosions; Require Pilots In Certain Instances; And Provide Penalties For Violations.**

Be it enacted by the General Assembly of the State of South Carolina:

**SECTION 1. Article 2, Chapter 6, Title 66, 1962 Code, amended—liquefied petroleum gas.**—Article 2, Chapter 6, of Title 66 of the

1962 Code, is amended by striking it and inserting in lieu thereof the following:

"Section 66-431. (a) The term 'liquefied petroleum gas' as used in this article shall mean and include any material which is composed predominately of any of the following hydrocarbons or mixtures thereof: propane, propylene, butanes (normal butane or isobutane) and butylenes.

(b) The term 'containers' includes all vessels such as tanks, cylinders or drums used for transportation or storage of liquefied petroleum gases.

(c) The term 'systems' refers to an assembly of equipment consisting essentially of the container and any device which is connected thereto for the utilization of liquefied petroleum gas.

Section 66-431.1. There is hereby created the Liquefied Petroleum Gas Board which shall be composed of three members. One member shall be the Chief Insurance Commissioner, ex officio, who shall serve as chairman. One member shall be a member, in good standing, of the State Firemen's Association who shall be appointed by the president of the State Firemen's Association for a term of four years; and the other member shall be a licensed liquefied petroleum gas dealer who shall be appointed by the president of the Liquefied Petroleum Gas Association for a term of two years. The term of office shall thereafter be for four years. Any vacancy in the office of a member of the board, representing either the State Firemen's Association or the Liquefied Petroleum Gas Association, shall be filled by appointment by the president of the respective association for the unexpired term.

Section 66-431.2. The board shall:

(a) See that all laws of this State governing liquefied petroleum gas are faithfully executed, and to that end they may make rules and regulations, not inconsistent with law, to enforce, carry out and make effective the provisions of this chapter, the enforcement or administration of which is not otherwise specifically provided for, and may likewise from time to time withdraw, modify or amend any such regulation.

(b) Institute proceedings for and prosecute criminal violations of any laws relevant to liquefied petroleum gas.

(c) Make, promulgate and enforce regulations setting forth minimum general standards covering the design, construction, location, installation and operation of equipment for storing, handling, trans-

porting by tank truck or tank trailer and utilizing liquefied petroleum gases and specifying the odorization of such gases and the degree thereof. The regulations shall be such as are reasonably necessary for the protection of the health, welfare and safety of the public and persons using such materials, and shall be in substantial conformity with the generally accepted standards of safety concerning the subject matter, and such regulations shall contain standards that are not less than those published in National Board of Fire Underwriters Pamphlet No. 58, 1961 Edition.

Section 66-431.3. All persons engaging in the manufacture, distribution, sale, storing or transporting by tank truck, tank trailer or cylinder of liquefied petroleum gases, or engaged in the installation, servicing, repairing, adjusting or connecting of appliances to liquefied petroleum gas systems shall make application to the board to obtain a license to do business in the State. The board may revoke or suspend any such license when it is found that any person engaging in this business has violated the provisions of this article.

Section 66-431.4. The license fee for the license required by Section 66-431.3 shall be one hundred dollars annually for each dealer, and in addition thereto each branch or sub-dealer shall pay a license fee of twenty-five dollars.

Section 66-431.5. (a) Every dealer, sub-dealer or branch dealer engaging in any of the activities referred to in Section 66-431.3 shall, as a prerequisite to obtaining a license, obtain insurance which shall cover motor vehicle liability, employers' liability or workmen's compensation, as applicable, manufacturer's or contractor's liability, including products liability insurance, and any other exposures which, in the opinion of the board, are necessary in the public interest; and such liability insurance, except for workmen's compensation coverage acquired by the licensee, and except for employers' liability coverage, shall be in such amounts as the board may prescribe, but not less than twenty-five thousand dollars for bodily injury to or death of any one person in any one accident, and subject to such limit for a single person, nor less than fifty thousand dollars for bodily injury to or death of two or more persons as the result of any one accident, and not less than twenty-five thousand dollars for damage to the property of others. Employers' liability insurance certified hereunder shall not afford benefits that are less than benefits that would be

available through workmen's compensation insurance if the employer were covered under The South Carolina Workmen's Compensation Law.

(b) If the applicant for license furnishes the board with an affidavit setting forth that he is not and will not be exposed to one or more of the liabilities covered by the insurance referred to in this section, then the board may waive the certification of the type of insurance covering liabilities for which he has no exposure. Any applicant for license who is covered by workmen's compensation insurance will not be required to have employers' liability insurance certified. The insurance carrier shall certify to the board that the coverages required in this section are in effect and will not be cancelled by the insurance carrier until at least thirty days' notice to the board by registered mail.

(c) In lieu of insurance, an applicant for license may furnish a bond of a licensed surety company which shall be approved as to form and sufficiency by the Attorney General in the amount of one hundred thousand dollars. The bond shall be conditioned to pay any final judgment entered against the applicant for license in a court of competent jurisdiction in this State, and to pay any liability arising during the term of the bond. Any such judgment obtained shall be a lien upon the bond.

Section 66-431.6. Before any dealer, branch or sub-dealer shall sell any liquefied petroleum gas to any person for resale to the public, he shall first ascertain that such person is licensed and qualified by the board to resell such liquefied petroleum gas. Any dealer, branch or sub-dealer wilfully violating the provisions of this section shall be subject to penalties as provided for in this article.

Section 66-431.7. It shall be unlawful for any person, whether an employee of a licensed gas dealer or otherwise, to transport or deliver liquefied petroleum gas, or to install, service, repair, adjust, connect or disconnect any gas appliances to or from any liquified petroleum gas system, unless such person shall be certified as competent by a licensed gas dealer employing such person. The certification by the dealer shall be under oath on forms prescribed by the board and shall run concurrently with the dealer's license. The board shall have power to revoke the certification for cause; *provided*, that the provisions of this section shall not apply to common laborers working under the direct and immediate supervision of a person who has been certified under this section.

Section 66-431.8. Any vehicle transporting liquefied petroleum gases shall be fully inspected and the operator or owner shall obtain from the board a certificate showing that the vehicle is in proper condition to transport such material. The certificate shall be displayed upon the windshield of the vehicle. The certificate shall be renewed annually or at more frequent intervals should the board deem it necessary in the interest of public safety. A fee of one dollar for each such certificate will be charged and paid to the board before delivery of the certificate.

Section 66-431.9. Any member of the board or any of its inspectors shall be permitted to enter during reasonable business hours upon the premises of any person engaged in the liquefied petroleum gas industry in any of its phases to inspect any properties or installations that relate in any way to the safe and proper operation of the business, and may make such investigations or examinations as they deem necessary for the public safety and the board may summon or compel the attendance of witnesses to testify in relation to any matter within the provisions of this article.

Section 66-431.10. Whenever any condition is found as a result of the inspection, examination or investigation provided in Section 66-431.9 that is hazardous to the public safety, the board shall order such condition removed or corrected. The order shall be in writing and served by registered mail. Should any person fail to comply with the terms of the order, he shall be subject to a fine, suspension of license, or refusal to renew or continue his license, as provided in Section 66-431.15, in the discretion of the board. *Provided*, before any license shall be revoked or suspended, the holder thereof shall have notice in writing of the charge against him at a date specified in such notice, at least five days after the service thereof, be given a public hearing and have an opportunity to produce testimony in his favor and confront the witnesses against him.

Section 66-431.11. Electrical circuits or electrical appliances, such as radios, telephones or other electrical apparatus, shall not be grounded to any liquified petroleum gas system or appliance. Any dealer or his agent finding a violation of this section shall request the owner of the property to remove such ground. Should the owner fail to comply with this request the dealer or his agent shall immediately report that fact to the board.

Section 66-431.12. All heating appliances installed for use in any hotel, tourist home, school, church, theater, auditorium, institutional

building, hospital, nursing home, convalescent home or other place of public assembly or rest shall be equipped with a pilot having a one hundred per cent safety cut-off valve of an automatic operating type. The pilot safety valve shall have positive control of the flow of gas to the appliance burners in public places for sleeping purposes.

Section 66-431.13. All owners, managers or operators of all vehicles or equipment covered under this article shall within twenty-four hours thereafter make a report to the board of all fires and explosions in connection with such equipment of accidental or incendiary origin of which they have knowledge, with as complete detail as possible, together with such evidence as they have obtained after investigation.

Section 66-431.14. The provisions of this article shall not apply to liquefied petroleum gas used as a by-product in the manufacture of any product nor to any person who is engaged in the retailing of liquefied petroleum gas in containers of less than fifty pounds water capacity if such person does not engage in filling liquefied petroleum gas cylinders or the installation, servicing, repairing, adjusting, connecting or disconnecting of appliances or piping to or from liquefied petroleum gas systems.

Section 66-431.15. Whenever, following hearing, the board finds that any person licensed under the provisions of this article has violated any of the provisions of this article, the board may suspend, revoke or refuse to renew or continue the license of such person, or in the alternative may impose an administrative penalty not to exceed two thousand dollars for any single offense.

Section 66-431.16. Any person required by Section 66-431.3 to obtain a license to do business in this State who shall refuse or neglect to obtain such license shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined not less than five hundred dollars nor more than two thousand dollars, or imprisoned for not less than sixty days nor more than one year.

Section 66-431.17. The Circuit Court shall have the powers to reverse, modify in any particular or to affirm any such decision and order and to make both findings of fact and law in reference thereto."

**SECTION 2. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 3rd day of June, 1963.

The election shall be conducted in accordance with the provisions of the South Carolina Election Law insofar as applicable.

*Provided*, That the number of teachers qualifying for State Aid in 1963-64 shall be determined on the basis of enrollment and average daily attendance of either the year 1962-63 or 1963-64.

*Provided, Further*, That the amount provided in this section for "Improvement of Instructional Program" shall be distributed to the school districts of the State in the proportion that the pupil enrollment in each school district bore to the total pupil enrollment in the state in the school year immediately preceding. The funds so distributed shall be used, in the discretion of the respective school district boards, to provide merit salary increases for the school teachers employed, or to employ additional teachers for the purpose of reducing the teacher load. The funds distributed hereunder shall be used for the upgrading of the educational system of the respective school districts and shall not be utilized so as to decrease local district appropriations.

*Provided, Further*, That so much as may be necessary of the appropriation herein made for "State Aid for Teachers' Salaries" provided in Item 3 of this section, may be used to pay State Aid for Teacher's Salaries for the year 1962-63 should the appropriation for that year prove inadequate.

*Provided, Further*, That so much as may be necessary of the appropriation for payment of teachers' salaries, and for supervision and overhead, provided in Item 3 of this section, may be used to correct erroneous payments of prior years, which were due to improper classification or other justifiable causes.

*Provided, Further*, That the amount appropriated herein under Item 3 for County School Lunch Supervisors shall be used for the payment of salaries of one supervisor for each county at the rate of \$3,352.00 each per year, and no such salary shall be supplemented from funds provided in Item 3, of this Section, for "School Lunch Program Aid".

*Provided, Further*, That the amount appropriated herein under Item 3 for Aid to Counties in the School Lunch program shall be divided among the County Boards of Education of the State upon the basis of the number of schools participating in the School Lunch Program in each County in the school year 1962-63. *Provided, Further*, That travel expense of County School Lunch Supervisors shall be paid out of this appropriation at the prevailing rate of mileage allowed by the State. *Provided, Further*, That all expenditures of this appropriation by each of the County Boards of Education shall be made upon the joint recommendation of the County Superintendent

of Education and the School Lunch Supervisor. Each County Superintendent shall, at the close of the fiscal year, submit to the State Superintendent of Education an itemized statement which shall indicate the disposition made of his county's share of this appropriation and any balance brought forward from the preceding year. Such records of the County Boards of Education shall be kept available for auditing by the accounting personnel of the State Superintendent of Education's office.

*Provided, Further,* That no pupil shall be refused lunch because of inability to pay, such inability to be determined by the local school superintendent and lunch room supervisor where the pupil attends.

*Provided, Further,* That in the distribution of State funds provided in this section for "Supervision and Overhead," for "Maintenance and Operation" and for "non-teaching principals, supervisors, and special teachers", no pupil shall be counted as enrolled, or as having been enrolled, in any public school of the State who has not attended such school at least 35 days during the school year on which the allocation of such funds is based. Provided, however, that a pupil shall be counted as enrolled only in the first district, or operating unit, he legally attended.

*Provided Further,* That notwithstanding the amount listed in Item 3 as appropriated for "Supervision and Overhead," there is hereby appropriated, for the fiscal year 1963-64, an amount equal to the number of pupils enrolled in the public schools of the State during the fiscal year 1963-64, as determined by the State Superintendent of Education, multiplied by Five (\$5.00) Dollars.

*Provided, Further,* That notwithstanding the amount listed in Item 3 as appropriated for "Maintenance and Operation," or any Act or parts of Acts to the contrary notwithstanding, there is hereby appropriated for the fiscal year 1963-64 an amount equal to the number of pupils enrolled in the public schools of the State during the fiscal year 1963-64, as determined by the State Superintendent of Education, multiplied by Six Dollars and Twenty-Five Cents (\$6.25), and the State Superintendent of Education is hereby directed to allot and distribute this fund on that basis.

*Provided, Further,* That the Federal funds provided in Title V for guidance, testing, and counseling, plus the funds withheld, will be distributed to the school districts under the state plans approved by the State Board of Education by which South Carolina is qualified to participate in the program. Schools that do not wish to participate

under the provisions of Title V of the National Defense Education Act will be reimbursed with any state funds that have been withheld under this proviso.

*Provided, Further,* That for the fiscal year 1963-64 the State shall pay on the salaries of County Superintendents of Education \$4,809.50 each on warrants approved by the State Superintendent of Education. In counties where schools are operated by the County Board of Education under a county unit system such payment for county superintendents of education may be applied by the Board of Education on the salary of the director or chief administrative officer of schools.

*Provided, Further,* That the authorities of the Area Trade Schools are authorized and directed to charge a tuition fee to students of not exceeding \$30.00 per semester, and to use the proceeds of such tuition fees for operation and/or permanent improvements. The amount of the tuition fees to be used for permanent improvements, and the nature of such improvements, shall be approved by the State Budget and Control Board.

*Provided, Further,* That the amount appropriated herein under Item 3 for Education of Mentally and Physically Handicapped Children shall be used to reimburse school districts for expense incurred during the year 1963-64 in the operation of such programs in accordance with Act 882, Acts of 1958, but no district shall be reimbursed for more than 70% of such expense nor more than \$150.00 per child per year in average daily attendance.

*Provided, Further,* That the amount appropriated herein under Item 3 for Non-Teaching Principals, Supervisors and Special Teachers shall be allotted to school districts on the basis of the number of pupils enrolled in the public schools during fiscal year 1963-64.

*Provided, Further,* That the State Budget and Control Board may approve supplements from Federal Funds to State appropriated salaries of personnel who are working with the Federal Projects and who are below existing salaries for comparable services in other state agencies and institutions.

GRAND TOTAL .....

**SECTION 73.** The expenditure of moneys appropriated in this Act shall be by warrant requisitions directed to the Comptroller General. Upon receipt of the requisition, accompanied by invoices or other satisfactory evidence of the propriety of the payment, and itemized according to standard budget classifications, the Comptroller General shall issue his warrant on the State Treasurer to the payee designated

in the requisition. *Provided, However, That*, upon approval and designation by the State Budget and Control Board, state institutions may requisition funds in favor of their own treasurer, itemized only to the extent of the purpose of the appropriation as expressed in this Act, and may deposit such funds in the name of the institution, and disburse same by check to meet the purposes of the appropriation, but strict account shall be kept of all such expenditures according to standard budget classifications.

**SECTION 74.** Upon the approval and designation of the State Budget and Control Board, state institutions may, at the beginning of the fiscal year, requisition from their respective appropriations, a sum of money, the amount of same to be approved by the State Budget and Control Board, to be used throughout the year as a revolving fund for the handling of payrolls and other necessary operating expenses, all payments from such revolving funds to be reimbursed to them by regular requisitions on the Comptroller General.

*Provided, Further,* That at all state institutions where institutional revenue is available for operation, such revenue shall, as far as practicable, be used before appropriations from the State's General Fund are requisitioned; and no funds shall be requisitioned from such appropriation except to meet actual operating obligations of the year for which such appropriations are provided.

**SECTION 75.** During the fiscal year 1963-64 the State's institutions of higher learning shall maintain rates not less than those charged during the year 1962-63 for tuition, maintenance, and all other costs heretofore borne by those attending the said institutions, except the student activity fee, the amount of which may be fixed by the respective boards of trustees, and in all cases it is hereby required that such institutions shall charge fees which will fully cover all subsistence, laundry, infirmary treatment, and such other personal expenses, *Provided, Further,* That the University of South Carolina, The Citadel, Clemson College, Winthrop College, S. C. State College, the South Carolina Medical College (including revenue of the Medical College Hospital), and the South Carolina Opportunity School shall remit all revenues and income, collected at the respective institutions, to the State Treasurer according to the terms of Section 1 of this Act, but all such revenues or income so collected, except fees received as regular term tuition, matriculation, and registration, shall be carried in a special continuing account by the State Treasurer,

to the credit of the respective institutions, and may be requisitioned by said institutions, in the manner prescribed in Section 73 of this Act, and expended to fulfill the purpose for which such fees or income were levied; and it is further required that no such fee or income shall be charged in an amount in excess of what is necessary to supply the service, or fulfill the purpose for which such fee or income was charged. *Provided, Further,* That money derived wholly from athletic or other student contests, and any other funds derived wholly from the activities of student organizations, shall not be considered as State funds, and may be retained at the institutions. *Provided, Further,* That the University of South Carolina may operate its Law School in the summer of 1963, both summer school and summer term, as it may be advised, and retain all additional tuition and other fees charged the law students therefor to aid it in such operation.

**SECTION 76.** All departments, institutions, and agencies of the State are hereby required and directed to budget and allocate the appropriations herein made to them, so as to provide for operation on uniform standards throughout the fiscal year 1963-64, and in order to avoid a deficiency in such appropriations, and upon request of the Budget and Control Board to submit to the Board its budget or plan of operation for the year, and the said Board is authorized to restrict the rate of expenditures of such agency if it appears that an unjustifiable deficit is likely to occur. *Provided, Further,* That the bonds of State officials violating the terms of this section shall be held liable therefor, unless the State Budget and Control Board has been advised of, and officially recognizes, the necessity for such deficit.

**SECTION 77.** Each department, institution, or other agency of the State is authorized to accept and receive such Federal Aid or grants as are or may be made available by the Federal Government for use in carrying out the purposes and functions of the department, institution or agency, but such funds when and as received, shall be deposited in the state treasury, if not in conflict with Federal regulations, and withdrawn therefrom as needed, in the same manner as that provided for the disbursement of state funds. *Provided,* That any such Federal aid or grant must be approved by the State Budget and Control Board before being accepted by such department, institution or other agency. *Provided, Further,* That donations or contributions from sources other than the Federal Government, for use by any state agency, shall

be deposited in the state treasury, but in special accounts, and shall be withdrawn from the treasury as needed to fulfill the purposes and conditions of the said donations, or contributions, if specified, and, if not specified, as may be directed by the proper authorities of the department or institution.

**SECTION 78.** Except as otherwise provided in this Act, every appropriation under the classification of A-1 Salaries for a designated position shall be paid in monthly or bi-weekly installments to the person holding such position, but where a group appropriation is made for Personal Service, such appropriation shall be expended as may be determined by the officer in charge of such appropriation. *Provided, Further,* That the appropriated salaries for specified positions shall mean the maximum compensation for such position, and in any case where the head of any department can secure the services for a particular position or work at a lower rate than the salary specified in this Act, authority for so doing is hereby given.

*Provided, Further,* That no full-time employee of any State department or institution shall be paid any compensation or travel from any other department of the State Government except with the approval of the State Budget and Control Board.

**SECTION 79.** That salaries paid to officers and employees of the State, including its several boards, commissions and institutions shall be in full for all services rendered, and no perquisites of office or of employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee; *Provided, However,* That this shall not apply to the Governor's Mansion, nor to guards at any of the State's penal institutions and nurses and attendants at the State Hospital, Whitten Village, and the S. C. Sanatorium, when the cash compensation of such employees is \$3,800.00 or less per year. *Provided, Further,* That the Presidents of the State's institutions of higher learning may be permitted to occupy a residence on the grounds of such institutions without charge. *Provided, Further,* That the Farm Director, Farm Managers and specialists employed at State Farms Nos. 1 and 3 may be permitted to occupy residences situated on such farms without charge.

*Provided, Further,* That all salaries paid by State institutions and departments for which a lump sum appropriation is made, and from

all departmental appropriations for groups of employees, shall be submitted to and approved by the State Budget and Control Board before becoming effective; and in submitting said salaries for approval of the said Board, the total salary paid to each officer and employee, included in such lump sum or group appropriations, shall be shown; and in any institution or department where one or more salaries are supplemented, the amount of such supplement shall be reported to the said Board for approval, and the source of such supplement.

**SECTION 80.** That the authorities of all institutions and departments for which a lump sum appropriation is made shall make an itemized report to the State Budget and Control Board of all expenditures at such intervals as may be required by said Board.

*Provided, Further,* That no part of such lump sum appropriations shall be used for permanent improvements unless specifically authorized herein.

**SECTION 81.** That except as otherwise hereinbefore provided the base pay of legislative clerks and attaches, designated in Section 3 of this Act, shall apply to a session of forty legislative days, and that each Clerk and attache shall receive additional compensation for such service at the same rate for each legislative day in excess thereof, the same to be paid from the approved accounts of the respective houses. *Provided, However,* That laborers and porters shall be paid for six days of each week of the entire session. *Provided, Further,* That all salaries under Items 5 and 6 shall apply to a period of six months between sessions of the General Assembly, and each Clerk and attache provided for therein shall be paid at the same rate from approved accounts of the respective houses for any period in excess thereof. *Provided, Further,* That no salaries shall be paid under these items during any period when the General Assembly is in regular or special session.

No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by which he is employed, except that the members of the Public Service Commission may be reimbursed at the regular mileage rate for one round trip each week from their respective homes to Columbia and may receive the regular subsistence allowance of other State employees for not exceeding three days in any week while in Columbia on official

business. When an employee is assigned to work a particular territory or district, and such territory or district and his official headquarters are in different localities, or sections of the State, expenses may be allowed for necessary travel to his official headquarters. *Provided*, That members of the State Boards, Commissions or Committees, whose duties are not full time, and who are paid on a per diem basis, shall be allowed subsistence expenses while away from their places of residence on official business of the State. *Provided*, *Further*, That employees of the State traveling outside of the State on official business, shall be allowed the sum of \$12.50 per day as subsistence expenses, except that the Governor, Lieutenant Governor, State Treasurer, and Secretary of State shall be allowed actual expenses. *Provided*, *Further*, That each Circuit Judge while holding Court within or without the circuit in which he resides, and each Justice of the Supreme Court, while attending the sessions of said Court at Columbia, shall be allowed the sum of fifteen (\$15.00) dollars per day as subsistence expenses, and each Justice and Judge shall further receive such mileage allowance for travel as is provided for other employees of the State. Two members of the Supreme Court shall be allowed actual subsistence and travel expenses while attending the National Convention of Chief Justices, and two Circuit Judges while attending the National Conference of State Trial Judges. *Provided*, *Further*, Whenever Agents, Auditors, Investigators, or other such employees of the State, are required in the performance of their regular audit or investigation duties to travel to cities of two hundred fifty (250,000) thousand, or greater, population, such employees shall be allowed the sum of \$2.50 per day additional as subsistence expenses.

The State Budget and Control Board is authorized to promulgate and publish regulations governing the application of the above-provided rates of travel of State employees.

When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep thereof, but no mileage will be allowed. *Provided*, That in traveling on the business of the State, employees are required to use the most economical mode of transportation, due consideration being given to urgency, schedules, and like factors.

**SECTION 83.** That the Legislative members of State boards and commissions shall serve in their respective capacities as members of said boards and commissions until their successors shall have been elected or appointed, and qualified.

**SECTION 84.** That the per diem allowance of all boards, commissions and committees shall be at the rate of Ten (\$10.00) Dollars per day. *Provided*, That no full-time officer or employee of the State shall draw any per diem allowance for service on such boards, commissions or committees.

For periods during which he devotes full or part time to the duties of the department and receives no compensation from the University, the State Archaeologist shall receive compensation at the same rate as that received for his services as a member of the faculty of the University.

**SECTION 9. State may issue notes for additional facilities for State Medical College, State Board of Corrections, Pineland, South Carolina School for Boys and for a new institution for mentally retarded children.**—As an incident to the authorizations herein made, the General Assembly has made the following findings:

1. The Medical College of South Carolina (the Medical College) requires an additional land area whereon to construct the additional facilities required for the proper functioning of the said institution. The Board of Trustees of the Medical College (the Board) has conducted negotiations with the Trustees of Porter Academy, an eleemosynary corporation chartered by Act No. 551 of 1910 (Porter Academy), looking to the acquisition by the Medical College of the present school site of Porter Academy, in the City of Charleston, which contains approximately eleven (11) acres, more or less, and which is located in the immediate area of the existing Medical College Hospital. Subject to approval by the General Assembly, agreements have been reached between the Board and Porter Academy under which it is proposed that in consideration for a conveyance

by Porter Academy to the Medical College of its present properties, the Medical College will pay to Porter Academy the sum of One Million One Hundred Thirty-six Thousand Dollars (\$1,136,000.00).

It has also been ascertained that the existing teaching facilities of the Medical College are in need of improvements and renovations estimated to cost in the neighborhood of One Hundred Thousand Dollars (\$100,000.00), and that \$50,000.00 is required for plans and other preliminary expenses incident to future buildings to be constructed on the Porter Academy site.

The General Assembly gives its approval to the acquisition by the Medical College of the present school site and properties of the Porter Academy in the City of Charleston, being that area of land, with the buildings thereon situate, bounded on the north by Bee Street, on the east by Ashley Avenue, on the south by Doughty Street, and on the west by President Street, for the purpose of providing the Medical College with additional land to be used for the functions of the Medical College, provided that the consideration to be paid to Porter Academy by the Board, and the terms and conditions of the conveyance to the Medical College, shall be first approved by the State Budget and Control Board (the State Board).

The General Assembly also gives its approval to (a) the improving and renovating of the existing teaching facilities of the Medical College, at an estimated cost of One Hundred Thousand Dollars (\$100,000.00), but not to exceed that sum which remains from One Million Two Hundred Fifty Thousand Dollars (\$1,250,000.00) after paying the consideration and other expenses involved in acquiring the above described property from Porter Academy, and (b) the expenditure of not exceeding \$50,000.00 for plans and other preliminary expenses incident to future buildings to be constructed on the Porter Academy site.

2. The State Board of Corrections (the Board of Corrections) requires further penal facilities. The cost of acquiring a suitable site and constructing and equipping appropriate facilities thereon have been estimated to be One Million Five Hundred Thousand Dollars (\$1,500,000.00). The General Assembly gives its approval to the acquisition of additional penal facilities by the Board of Corrections and the expenditure of not exceeding \$1,500,000.00 to pay the cost of a site therefor and to construct and equip on said site suitable facilities.

3. A new facility for retarded children in the nature of that now operated at Whitten Village is found to be urgently needed. It is presently contemplated that the General Assembly will, at its present session, either create a new State agency for that purpose, or devolve that function on an existing State agency. Studies made indicate an expenditure of Two Million Dollars (\$2,000,000.00) will be required in order that a suitable site may be acquired and for the construction and equipping thereon of appropriate facilities. The General Assembly authorizes the State Board to acquire a suitable site and to construct and equip appropriate facilities thereon. If it shall occur that by subsequent legislation the function of operating the institution here contemplated shall be devolved upon a new State agency or upon an existing State agency, then in such event the acquisition of such a site and the construction and equipping thereon of the contemplated facilities shall be performed by such State Agency.

At its 1962 session, the General Assembly did, by the provisions of Section 10 of Act No. 767 appropriate Five Hundred Thousand Dollars (\$500,000.00) for the establishment and construction of a new facility for retarded children. No provision for the expenditure of said sum was made by said Act, and it has now been determined that such sum, together with the additional sums realized through the provisions of this section, should be used in the manner herein provided for the establishment and construction of a new institution for retarded children.

4. An infirmary and a dormitory, estimated to cost an aggregate of \$600,000.00, are found to be needed for Pineland, a Training School and Hospital for the mentally ill under 16 years of age, operated under the direction of the South Carolina Mental Health Commission. The General Assembly authorizes the South Carolina Mental Health Commission to construct and equip an infirmary and a dormitory on the site of the Pineland facility, at a cost of not exceeding \$600,000.00.

5. Further facilities, in the nature of a building to provide clinical and administrative services are found to be needed for the South Carolina School for Boys (formerly the South Carolina Industrial School for Boys) located in Florence County and operated under the direction of the Board of State Industrial Schools. Other repairs and improvements are also required necessitating in the aggregate an expenditure of \$140,000.00. The General Assembly authorizes the Board of State Industrial Schools to construct and equip further

facilities and to repair and improve existing facilities at the South Carolina School for Boys, in Florence County, at a cost of not exceeding \$140,000.00.

6. In order to provide funds for the expenditures authorized by this section, which are as follows:

- (a) for the Medical College, \$1,300,000.00;
- (b) for the Board of Corrections, \$1,500,000.00;
- (c) for a new institution for retarded children, \$2,000,000.00 (less the sum directly appropriated pursuant to paragraph 3 above);
- (d) for additional facilities at Pineland, \$600,000.00; and
- (e) for additional facilities and for improvements for the South Carolina School for Boys, \$140,000.00,

the Governor and the State Treasurer, having first obtained the approval of the State Board, expressed by proper Resolution, shall be empowered to issue notes of the State to the extent of not exceeding Five Million Forty Thousand Dollars (\$5,040,000.00). Such notes shall mature in fifteen successive, and in substantially equal (to the nearest five thousand dollars) annual instalments, each maturing on anniversaries of the date the notes bear. The notes may, at the discretion of the State Board, be made subject to redemption prior to their stated maturities on such occasions and under such conditions as the State Board shall prescribe. The notes shall bear interest payable annually or semi-annually, at such rate or rates as the State Board may prescribe.

All notes issued under this section shall be signed by the Governor and the State Treasurer. The Great Seal of the State shall be affixed to or reproduced upon each of them, and each shall be attested by the Secretary of State. The delivery of the notes so executed and authenticated shall be valid notwithstanding any changes in officers or seal occurring after such execution or authentication. The notes shall be in such form as the State Board shall prescribe, and may be issued as a single fully registered note.

The principal and interest on the notes issued pursuant to this section shall have the tax exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

For the payment of the principal of and interest on the notes issued pursuant to this section there shall be pledged so much thereof as may be needed of the revenue derived from the tax imposed pursuant to Article 1, Chapter 12, Title 65, Code of Laws of South Carolina,

1962. Until payment of such principal and interest has been made or has been provided for, all sums received in each fiscal year from the tax referred to above shall be delivered to the State Treasurer and shall be applied by him to the payment of the principal and interest, and to the debt servicing of other outstanding obligations of the State also secured by a pledge of such revenues. Thereafter, further revenues from such tax for such fiscal year may be used for other purposes. The General Assembly takes note of the fact that there are presently outstanding obligations of the State of South Carolina payable from the tax hereinabove pledged, and it is hereby declared that the notes authorized by this section shall in all respects be on a parity with such outstanding obligations. The pledge of revenues derived from the tax above referred to shall not preclude the issuance by the State of further obligations secured, in whole or in part, by a pledge of such revenues on a parity with the pledge herein authorized, nor shall the pledge of revenue derived from such tax preclude the revision of such tax as to rate or method, either or both, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than one hundred and twenty-five per cent of that sum which is equal to the maximum annual principal and interest requirements on all notes or obligations of the State for which the revenues derived from the aforesaid tax have been pledged. Such certificate shall be appended to the enrolled Act and be presented to the Joint Assembly on the occasion such Act is presented for ratification.

The State Board may, in its capacity as Trustee of the funds of the South Carolina Retirement System, purchase the notes herein authorized as an investment of said funds.

The proceeds derived from the sale of the notes authorized by this section shall be deposited with the State Treasurer and shall be expended by or on behalf of the State agencies for whom the proceeds thereof are made available for the purposes set forth in paragraph 6 *supra*.

The provisions of this Section shall become effective immediately upon the approval of this Act by the Governor.

**SECTION 10. State may issue notes for Whitten Village.**—Item 2 of Section 1 and Item 1 of Section 3 of Act No. 455 of 1961 are amended by striking “one million five hundred thousand dollars”

in each item and inserting in lieu thereof "two million one hundred thousand dollars."

**SECTION 11. State Board of Education to supervise certain agencies.**—Contingent upon enactment into law of the Bill creating a fifteen member Board of Education, there shall be placed under the advisory supervision of said Board, effective July 1, 1965, the following State Agencies, Departments and Boards:

- (1) The State Education Finance Commission
- (2) The State School Book Commission
- (3) The State Educational Television Commission
- (4) The State Advisory Committee for Technical Training
- (5) The South Carolina Opportunity School

Said Board of Education shall immediately study the coordination of all such agencies including the feasibility of consolidating all such agencies, departments and Boards to the end that the most efficient and effective state level administration of public school matters shall be obtained.

**SECTION 12. Excess state revenues to be distributed to counties for school purposes.**—Section 21-293 of the 1962 Code is amended to read as follows:

"Section 21-293. On or before September thirtieth of each year, the State Budget and Control Board shall determine the amount by which the State's revenues, applicable thereto, exceeded the sum of (a) actual expenditures for normal maintenance and operation of the State Government during the next preceding fiscal year, including expenditures to the political subdivisions of the State based on established percentages of revenues, but not including expenditures for highway purposes, (b) unexpended balances of continuing appropriations outstanding at the end of the preceding fiscal year and (c) whatever amount is found necessary to bring the general fund reserve to the prescribed maximum amount.

Of all excess revenues so determined a sum equal to fifty cents per student average daily attendance is hereby appropriated annually to the respective school districts in the State to be used for school lunch programs. All other excess revenues so determined are hereby appropriated annually to the counties of the State, to be distributed to the respective counties in the proportion that the pupil enrollment of the public schools of a county bears to the total public school enrollment of the State, as determined by the State Superintendent of

Education for the preceding school year. Such funds shall be used for general public school purposes, including the payment of school debt."

**SECTION 13. General reserve fund.**—Notwithstanding the provisions of Section 1-781, Code of Laws of South Carolina, 1962, as amended, the General Fund Reserve to be established by the Budget and Control Board at the end of 1963-64 under the terms of Section 21-293, Code of Laws of South Carolina, 1962, shall be fixed at \$2,000,000.00.

Be it enacted by the General Assembly of the State of South Carolina:

**SECTION 1. Code of 1962 amended—Section 24-76 added—purchase of electric facilities in annexed areas.**—The 1962 Code is amended by adding a new Section 24-76 to read as follows:

“Section 24-76. When any area in which electric service is being furnished by a supplier of electricity including municipal corporations, public or governmental agencies and rural electric cooperatives, is incorporated as a city or town or is annexed to an existing incorpora-

ted city or town, such city or town or, with the consent of the governing body of such city or town, an electrical utility furnishing electricity in such city or town pursuant to a franchise, contract, permit, or other consent, shall have the right at any time thereafter to acquire, upon payment of just compensation therefor, the facilities and properties of the supplier of electricity in the annexed or incorporated area situate within the limits of the municipality used for providing electric service therein; and such supplier of electricity in the annexed or incorporated area shall have the right to compel such city or town or an electrical utility operating therein pursuant to a franchise, contract, permit or other consent to purchase such facilities and properties and to compel the payment of just compensation therefor; *provided*, the city or town shall not elect to purchase nor give its consent to a purchase by another supplier of electricity until it has first given ten days written notice to the suppliers concerned of its intention so to do.

Within ten days after notice is given that the right to acquire or sell such facilities and properties is exercised, the parties shall each select a representative in order to reach an agreement on just compensation. The selling supplier shall make its pertinent books and records available to the representative of the purchasing supplier. Should the representatives be unable to agree on just compensation within a period of sixty days, they shall jointly request the resident judge of the judicial circuit in which the facilities and properties to be purchased are situate to submit a list of five disinterested persons from which the selection of an arbiter shall be made. The resident judge shall submit such list within five days after receipt of such request. Within five days after receipt of the list from the resident judge, the representatives of the parties shall meet and each party shall have alternate strikes, the first strike to be chosen by lot, until one person remains on the list, and this person shall be the arbiter, whose expenses and fee for service rendered, as assessed by him against either or both parties, shall be subject to review by the resident judge. The arbiter shall give each representative an opportunity to be heard, and his decision on just compensation, including reasonable expenses, engineers' and attorneys' fees justifiably incurred by the selling supplier as allowed by the arbiter, shall be final and binding on the parties.

Should either party fail to act during the time limitation set forth above for the accomplishment of a particular step within this procedure

without the consent of the other party, then the party failing to act shall forfeit his rights in the selection of an arbiter and his rights to be heard by the arbiter.

For the purposes of this section, "just compensation" shall consist of the total of the following:

(a) Reproduction cost, new, of the facilities being acquired, less depreciation on a straight-line basis;

(b) Cost of reintegrating the system of the selling supplier after detaching the portion to be sold (including allowance for idle substation capacity caused in the remaining portion of the system), and;

(c) An additional amount, in recognition of the loss of revenue of greater than average value, equivalent to two and one-half times the gross revenue derived by the selling supplier from the consumers on the lines being acquired during the twelve months next preceding the first of the month in which notice of purchase was given the selling supplier.

The total sum paid by an electrical utility under the provisions of this section for acquisition of facilities shall be the original cost of such facilities to be entered on its books and records for all accounting purposes, including rate making."

**SECTION 2. Subsection (1) of Section 12-1025, 1962 Code, amended—electric cooperatives may continue to serve annexed areas.**—Subsection (1) of Section 12-1025 of the 1962 Code is amended by adding the following provisos at the end thereof:

*"Provided*, however, that, subject to the provisions of Section 24-76 of the 1962 Code, the act of incorporating or annexing into a city or town an area in which the cooperative is serving shall constitute the consent of the governing body of such city or town for the cooperative to continue serving all premises then being served and to serve additional premises within such area until such time as the governing body of the city or town shall direct otherwise and such cooperative is empowered to so serve, but it shall not extend service to any premises in any other part of such city or town unless the cooperative was the principal supplier of electricity in such city or town.

*Provided*, further, that the right of a cooperative to continue to serve in a city or town in which it is the principal supplier of electricity shall not be affected by the subsequent growth of such city or town beyond a population of two thousand five hundred persons; *provided*, further, that in the event of a violation of the provisions of this subsection, the municipality or any supplier of electricity affected, or both, may in-

stitute an action in the court of common pleas of the county in which the violation occurs to compel compliance with the provisions of this subsection.”

**SECTION 3. Saving clause.**—The provisions of this act are severable and if any of the provisions of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity or constitutionality of any of the other provisions.

**SECTION 4. Time effective.**—This act shall take effect upon approval by the Governor.

**No. 297**

**An Act To Provide State Scholarship Grants; To Fix The Amount Thereof; To Provide For The Supplementing Of Such Grants By The School Districts Of The State; To Vest In The State Board Of Education The Power And Duty To Make Rules Governing Scholarship Grants; To Fix Penalties For Misapplication Of Scholarship Funds And For Other Purposes.**

Be it enacted by the General Assembly of the State of South Carolina:

**SECTION 1. Findings of General Assembly.**—The General Assembly finds that the cause of primary and secondary education in South Carolina will be advanced if individual children of school age, their parents and guardians, are made free to choose between public and private educational institutions. Provision has been made for the transfer of pupils from one public school to another, subject to such limitations as may be necessitated by local conditions, and it is considered highly desirable that the freedom to choose among available educational institutions be extended and enlarged by providing scholarship grants for children entitled to attend primary and secondary public schools who wish to attend private or independent institutions, such scholarship grants to be furnished from State funds supplemented by local school districts.

**SECTION 2. Definitions.**—The following words and phrases as used in this act shall, unless a different meaning is plainly required by the context, have the following meanings:

(a) "School Child" shall mean any person between the ages of six and twenty whose domicile is with his or her parent within the State and who is otherwise qualified to attend the public schools of any school district in which he or she resides.

(b) "Parent" shall mean the natural or adoptive parent or the guardian having legal custody of a child eligible and entitled to receive a scholarship grant under this act who is actually paying or who will pay the tuition cost of attendance of such child at a school which qualifies such child to receive a grant under the terms of this act.

(c) "Private School" shall mean a private or independent elementary or high school which is not operated or controlled by any church, synagog, sect or other religious organization or institution.

**SECTION 3. Persons eligible to receive scholarship grants.**—Subject to the terms and provisions of this act every school child in the State who has not yet finished or graduated from high school and who desires to attend a private school located within the State shall be eligible for and entitled to receive a State scholarship grant in an amount equal to the per pupil cost to the State of public education as certified by the Governor.

**SECTION 4. Funds for grants.**—The State scholarship grants provided for in Section 3 of this act shall be payable from funds appropriated by the General Assembly for the payment thereof.

**SECTION 5. Local school district to furnish funds.**—It shall be a prerequisite to the grant above permitted that the local school district in which the school child resides make available a grant of local funds to such school child and to that end the trustees of each school district within the State are hereby authorized to appropriate funds in addition to the State scholarship grants provided for in Section 3 of this act in such amount that is equal to the per pupil cost to the school district exclusive of all State funds received for such purposes. The trustees of each school district are authorized to levy taxes where the school district has the power to tax, to raise funds for the payment of such local supplements to the State scholarship grants. The State Board of Education shall render such assistance to the trustees as may be necessary to determine annual per pupil expenditures of the school district for the purpose of fixing the amount of any supplement to be paid under this section.

**SECTION 6. Grant not to exceed tuition.**—The total of the annual scholarship grant provided for each child by this act shall not

exceed the actual cost of tuition at the private school attended by the child.

**SECTION 7. Rules and regulations.**—The State Board of Education is hereby authorized and directed to promulgate such rules and regulations, consistent with the terms of this act, for the receiving and processing of applications for scholarship grants, the payment of grants and the administration of this act generally as it may find necessary or desirable. Such rules may, among other things, provide for the payment of scholarship grants by the school districts of the State to the parent of any child entitled to receive a scholarship grant in installments or otherwise, and for the proration of scholarships for children attending school less than a full school year; they shall include a minimum academic standard that shall be met by any school in order to entitle children attending such school to receive a scholarship grant; *provided*, however, that no rule promulgated under the authority of this act shall restrict, or in any way affect, the requirements of such school concerning the eligibility of pupils who may be admitted thereto or specify minimum physical plant facilities of any such school.

**SECTION 8. Unlawful to misuse scholarship funds.**—It shall be unlawful for any person to obtain, attempt to obtain, expend or attempt to expend, any scholarship funds provided by this act for any purpose other than in payment of, or reimbursement for, the tuition cost of the child to whom such scholarship has been awarded at the institution he or she is authorized to attend under his or her scholarship grant.

**SECTION 9. Penalties.**—Any person convicted of violating the provisions of this act shall be punished by imprisonment for a term not to exceed three years or by a fine not to exceed two thousand dollars, or by both, in the discretion of the court.

**SECTION 10. Saving clause.**—If any portion of this act, or the application thereof to any person or circumstance is, for any reason, declared unconstitutional, such declaration shall not affect the validity of the remaining portions of this act or its application to other persons and circumstances.

**SECTION 11. Repeal.**—All acts or parts of acts inconsistent herewith are repealed.

**SECTION 12. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 5th day of June, 1963.

Be it enacted by the General Assembly of the State of South Carolina:

**SECTION 1. Chapter 2, Title 46, 1962 Code, amended—registration and licensing of uninsured motor vehicles.**—Chapter 2 of Title 46 of the 1962 Code is amended by striking it out and inserting in lieu thereof the following:

## “CHAPTER 2

“Section 46-135. As used in this chapter:

(1) The term ‘conviction’ shall also include the entry of any plea of guilty or of nolo contendere and the forfeiture of any bail or collateral deposited to secure a defendant’s appearance;

(2) The term ‘insured motor vehicle’ means a motor vehicle as to which (a) there is bodily injury liability insurance and property damage liability insurance, both in the amounts specified in Subsection (1) of Section 46-750.11, issued by an insurance carrier authorized to do business in this State, (b) a bond has been given or cash or securities delivered in lieu of such insurance or (c) the owner has qualified as a self-insurer in accordance with the provisions of Section 46-709; and

(3) The term ‘uninsured motor vehicle’ means a motor vehicle as to which (a) there is no such bodily injury liability insurance and property damage liability insurance, (b) no such bond has been given or cash or securities delivered in lieu thereof or (c) the owner has not so qualified as a self-insurer.

“Section 46-136. In addition to any other fees prescribed by law, every person registering and licensing an uninsured motor vehicle, as defined in Section 46-135, in this State shall pay, at the time of registering and licensing such uninsured motor vehicle, a sum to be fixed by the Chief Insurance Commissioner, which sum shall not exceed twenty dollars, the amount of such sum to be determined by the Commissioner in accordance with sound actuarial principles; *provided*, that credit for payment made on a motor vehicle subsequently transferred during the same licensing year shall be applied to any motor vehicle thereafter registered by such uninsured motorist during the same licensing year. Any person who has paid the additional twenty dollar fee as required by this section and who files with the State Highway Department, within sixty days after registration of the vehicle, a certificate of automobile liability insurance, may be entitled to a pro rata refund of the additional twenty dollar fee; *provided*, he has not been involved in a motor vehicle accident or otherwise required to demonstrate financial responsibility prior to the filing of the certificate of insurance.

In addition to any other fees prescribed by law, every person registering and licensing any self-propelled motor scooter or motor bike or similar vehicle propelled by a motor not exceeding ten-brake horse power shall pay at the time of registering and licensing such vehicles a fee not exceeding five dollars.

"Section 46-137. Every person applying for a registration for a motor vehicle and declaring same to be an insured motor vehicle shall, under the penalties provided in Section 46-138.1 and Section 46-138.7, execute and furnish to the Department his certificate that such motor vehicle is an insured motor vehicle and that he will maintain insurance thereon during the registration period. The Department may require any registered owner, or any applicant for registration and licensing of a motor vehicle declared to be an insured motor vehicle, to submit a certificate of insurance executed by an authorized agent or representative of an insurance company authorized to do business in this State. Such certificate of insurance shall be in a form prescribed by the Department.

"Section 46-138. Prior to the termination of insurance by cancellation or refusal to renew by the insurer, at least ten days notice of such cancellation or refusal to renew shall be forwarded to the insured at his designated address by certified mail and in such event, or in the event of any termination of insurance by the insured, notice of such cancellation or other termination shall be filed by the insurer with the department not later than five days following the effective date of such cancellation or other termination.

"Section 46-138.1. (a) If during the period for which it is licensed, a motor vehicle is or becomes an uninsured motor vehicle, the owner thereof shall pay to the Department the uninsured motorist fee provided for in Section 46-136 as upon an initial licensing and registration of the motor vehicle.

(b) If an uninsured motor vehicle, subject to registration in this State, is driven on the highways of this State and the owner thereof has not paid the uninsured motorist fee of twenty dollars as prescribed in Section 46-136, then the Department shall suspend such owner's driver's license and all of his license plates and registration certificates until he has paid to the Department a fee of twenty dollars to be disposed of as provided in Section 46-138.2, and furnished proof of financial responsibility as provided in Chapter 8 of this Title.

"Section 46-138.2. All funds collected by the Department under the provisions of this chapter shall be deposited to the credit of the State Treasurer and monthly transferred to a special deposit fund to be known as the 'Uninsured Motorists Fund' to be disbursed as provided in Sections 46-138.3 and 46-138.4.

"Section 46-138.3. The Uninsured Motorists Fund provided for in Section 46-138.2 shall be under the supervision and control of

the Chief Insurance Commissioner and shall be paid out, on warrants of the Comptroller issued on vouchers signed by the Chief Insurance Commissioner or such persons as he shall designate, for the purpose of defraying the administrative cost of this Chapter by the State Highway Department and for reducing to the insurance companies the costs of the uninsured motorists endorsement or provisions.

“Section 46-138.4. The Chief Insurance Commissioner shall annually, at such time in each year as he deems best for the purposes, make distribution from the fund as follows:

(1) To the Department, the amount certified by it as its administrative costs and expenses for administering this Chapter. These payments may be made on a quarterly basis.

(2) Among the several insurance companies writing motor vehicle bodily injury and property damage insurance on motor vehicles registered in this State, the balance of such fund, after taking out the administrative costs to be paid to the Department. Distribution among the insurance companies shall be based as nearly as possible upon the ratio that each insurance company's exposure to loss under the uninsured motorist coverage required to be furnished to its automobile policyholders without cost by Article 5 of Chapter 8 as amended by this act, bears to the total exposure to loss under such uninsured motorist coverage by all insurers which wrote automobile liability insurance in South Carolina during all or any part of the preceding year. The Chief Insurance Commissioner is empowered to issue such rules and regulations as he may deem necessary for the maintenance of records and the reporting of experience necessary to achieve a fair distribution of the fund among the insurance companies, and to this end he may utilize any of the statistical organizations authorized to file experience data in this State pursuant to Section 37-655. Any insurance company that fails to maintain records and report experience as required by the Commissioner shall forfeit its right to participate in the distribution of the fund.

“Section 46-138.6. The Chief Insurance Commissioner shall have power to issue such rules and regulations as may be necessary to carry out the provisions and intent of this chapter.

“Section 46-138.7. Any person knowingly making a false certificate as to whether a motor vehicle is an insured motor vehicle or presenting to the Department false evidence that any motor vehicle sought to be registered is insured shall be guilty of a misdemeanor

and on conviction thereof, shall be fined not less than fifty dollars nor more than one hundred dollars or imprisoned for not less than ten days nor more than thirty days. The Department shall deny, for a period of six months, registration of any motor vehicle for which a false certificate or false evidence is presented that the vehicle is insured and shall revoke, and not thereafter reissue for a period of six months, the driver's license of any person making such false certificate or offering such false evidence, and then only when all other provisions of law have been complied with by such person.

"Section 46-138.8. Any person owning or knowingly operating an uninsured motor vehicle without having paid to the Department a fee of twenty dollars to be disposed of as provided in Section 46-138.2 shall be guilty of a misdemeanor and upon conviction shall be fined not more than one hundred dollars or be imprisoned for not more than thirty days.

"Section 46-138.9. This chapter shall not repeal any other provision contained in this Title, but shall be considered cumulative thereto."

**SECTION 2. Item 3 of Section 46-702, 1962 Code, amended—definition of insured motor vehicle.**—Item 3 of Section 46-702 of the 1962 Code is amended by striking it out and inserting in lieu thereof the following:

"(3) 'Insured Motor Vehicle.' Except in Article 5 of this chapter, a motor vehicle as to which there is bodily injury liability insurance and property damage liability insurance, meeting all of the requirements of Item 7 of this section, or as to which a bond has been given or cash or securities delivered in lieu of such insurance or as to which the owner has qualified as a self-insurer in accordance with the provisions of Section 46-709;".

**SECTION 3. Item 7 of Section 46-702, 1962 Code, amended—definition of motor vehicle liability policy.**—Item 7 of Section 46-702 of the 1962 Code is amended by striking it out and inserting in lieu thereof the following:

"(7) 'Motor vehicle liability policy.' An owner's or an operator's policy of liability insurance that fulfills all the requirements of Article 5 of this Chapter, as amended by this act, certified as provided in Sections 46-748 or 46-749 as proof of financial responsibility and issued, except as otherwise provided in Section 46-749, by an insurance carrier duly authorized to transact business in this State, to or for the benefit of the person or persons named therein as insured, and any other person, as insured, using the vehicle described there-

in with the express or implied permission of the named insured, and subject to the following special conditions:

(a) Contents of motor vehicle liability policy. The motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all of the provisions of this chapter.

(b) Provisions deemed incorporated in such policy. Every motor vehicle liability policy shall be subject to the following provisions, which need not be contained therein:

(1) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by the motor vehicle liability policy occurs;

(2) The policy may not be cancelled or annulled as to the liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage;

(3) No statement made by the insured or on his behalf and no violation of the policy shall defeat or void the policy;

(4) The satisfaction by the insured of a judgment for the injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of the injury or damage;

(5) The insurance carrier shall have the right to settle any claim covered by the policy, and if the settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in Subsection (1) of Section 46-750.11 of the 1962 Code; and

(6) The policy, written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter shall constitute the entire contract between the parties.

(c) What policy need not cover. The motor vehicle liability policy need not insure any liability under the Workmen's Compensation Law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of the motor vehicle, nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(d) Additional coverage permitted. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and the excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants this excess or additional coverage, the term 'motor vehicle liability policy' shall apply only to that part of the coverage which is required by this Article.

(e) Additional permissible provisions. Any motor vehicle liability policy may provide:

(1) That the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter; and

(2) For the prorating of the insurance thereunder with other valid and collectible insurance.

(f) Requirements may be met by several policies. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

(g) *Legal* binder deemed to meet requirements. Any *legal* binder issued pending the issuance of a motor vehicle liability policy shall be considered as fulfilling the requirements for such policy.

(h) Notice required to cancel certified policy; cancellation by subsequent policy. When an insurance carrier has certified a motor vehicle liability policy under Section 46-748 or Section 46-749, the insurance so certified shall not be cancelled or terminated until at least ten days after a notice of cancellation or termination of the insurance certified shall be filed with the Department, except that a policy subsequently procured and certified shall at 12:01 A. M., on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

(i) Other required policies unaffected. This chapter shall not be held to apply to or affect policies of automobile insurance against liability *insuring public carriers or policies* which may be required by any other law of this State, *any law or ordinance of any municipality or any law or regulation of the United States or any of its agencies*, and those policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

(j) Chapter inapplicable to policies covering use by employees, etc., of vehicles not owned by insured. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by the persons in the insured's employ or on his behalf of motor vehicles not owned by the insured;”.

**SECTION 4. Item 13 of Section 46-702, 1962 Code, amended—definition of proof of financial responsibility.**—Item 13 of Section 46-702 of the 1962 Code is amended by striking it out and inserting in lieu thereof the following:

“(13) ‘Proof of financial responsibility:’ Proof of ability to respond in damages for liability, as provided in Section 46-137, or, on account of accidents occurring after the effective date of such proof, arising out of the ownership, maintenance or use of a motor vehicle, in the amount of ten thousand dollars because of bodily injury to or death of one person in any one accident and, subject to such limit for one person, in the amount of twenty thousand dollars because of bodily injury to or death of two or more persons in any one accident and in the amount of five thousand dollars because of injury to or destruction of property of others in any one accident;”.

**SECTION 5. Item 16 of Section 46-702, 1962 Code, amended—definition of uninsured motor vehicle.**—Item 16 of Section 46-702 of the 1962 Code is amended by striking it out and inserting in lieu thereof the following:

“(16) ‘Uninsured motor vehicle:’ Except in Article 5 of this chapter, any motor vehicle which is not an insured motor vehicle as defined in Item 3 of this section.”

**SECTION 6. Article 5, Chapter 8, Title 46, 1962 Code, amended—motor vehicle liability policies.**—Article 5, Chapter 8, Title 46 of the 1962 Code is amended by striking it out and inserting in lieu thereof the following:

“ARTICLE 5.

“Section 46-750.11. (1) No policy or contract of bodily injury liability insurance or of property damage liability insurance, covering liability arising from the ownership, maintenance or use of any motor vehicle, shall be issued or delivered in this State to the owner of such vehicle, or shall be issued or delivered by an insurer licensed in this State upon any motor vehicle then principally garaged or principally used in this State, unless it contains a provision insuring the persons defined as insured, against loss from the liability im-

posed by law for damages arising out of the ownership, maintenance or use of such motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as follows: ten thousand dollars because of bodily injury to or death of one person in any one accident, and, subject to such limit for one person, twenty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and five thousand dollars because of injury to or destruction of property of others in any one accident.

(2) No such policy or contract shall be so issued or delivered unless it contains a provision by endorsement or otherwise, herein referred to as the Uninsured Motorist Provision, undertaking to pay the insured all sums which he shall be legally entitled to recover as damages from the owner or operator of an uninsured motor vehicle, within limits which shall be no less than the requirements of Subsection (1) of this section as amended from time to time. Such provision shall also provide for no less than five thousand dollars coverage for injury to or destruction of the property of the insured in any one accident, but may provide an exclusion of the first two hundred dollars of such loss or damage. No additional charge shall be made to the policyholder for such Uninsured Motorist Provision. The Chief Insurance Commissioner may prescribe the form to be used in providing such coverage and when prescribed and promulgated no other form may be used. No action shall be brought under the Uninsured Motorist Provision unless copies of the pleadings in the action establishing such liability are served in the manner provided by law upon the insurance carrier writing such Uninsured Motorist Provision. The insurance carrier shall have the right to appear and defend in the name of the uninsured motorist in any action which may affect its liability, and shall have twenty days after service of process on it in which to make such appearance. The evidence of service upon the insurance carrier shall not be made a part of the record.

(3) As used in this article:

(A) The term 'bodily injury' shall include death resulting therefrom;

(B) The term 'uninsured motor vehicle' means a motor vehicle as to which (a) there is no bodily injury liability insurance and property damage liability insurance both in the amounts specified in subsection (1) of this section, as amended from time to time, or (b)

there is nominally such insurance, but the insurance carrier writing the same successfully denies coverage thereunder, or (c) there was such insurance, but the insurance carrier who wrote the same is declared insolvent, or is in delinquency proceedings, suspension, or receivership, or is proven unable fully to respond to a judgment, and (d) there is no bond or deposit of cash or securities in lieu of such bodily injury and property damage liability insurance. A motor vehicle shall be deemed to be uninsured if the owner or operator thereof be unknown, *provided*, that recovery under the Uninsured Motorist Provision shall be subject to the conditions hereinafter set forth.

(C) The term 'insured' means the named insured and, while resident of the same household, the spouse of any such named insured and relatives of either, while in a motor vehicle or otherwise, and any person who uses, with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies and a guest in such motor vehicle to which the policy applies or the personal representative of any of the above.

(4) If the owner or operator of any motor vehicle which causes bodily injury or property damage to the insured be unknown, there shall be no right of action or recovery under the Uninsured Motorist Provision, unless (a) the insured or someone in his behalf shall have reported the accident to some appropriate police authority within a reasonable time, under all the circumstances, after its occurrence and unless (b) the injury or damage was caused by physical contact with the unknown vehicle, and (c) the insured was not negligent in failing to determine the identity of the other vehicle and the driver of the other vehicle at the time of the accident.

(5) If the owner or operator of any vehicle causing injury or damages by physical contact be unknown, an action may be instituted against the unknown defendant as 'John Doe' and service of process may be made by delivery of a copy of the summons and complaint or other pleadings to the clerk of the court in which the action is brought. The insurance carrier shall have the right to defend in the name of John Doe; *provided*, that the bringing of an action against the unknown owner or operator as John Doe or the conclusion of such an action shall not constitute a bar to the insured, if the identity of the owner or operator who caused the injury or damages complained of becomes known, from bringing an action against the owner or operator theretofore proceeded against as John Doe. Nothing in the Uninsured Motorist Provision nor any other provisions of law

shall operate to prevent the joining, in an action against John Doe, of any other person causing such injury as a party defendant, and such joinder is hereby specifically authorized.

(6) An insurance carrier paying a claim under the Uninsured Motorist Provision required by subsection (2) of this section shall be subrogated to the rights of the insured to whom such claim was paid against any and every person causing such injury, death or damage to the extent that payment was made; *provided*, that such insurance carrier shall pay its proportionate part of any reasonable costs and expense incurred in connection with any recovery, including reasonable attorneys' fees.

(7) The Uninsured Motorist Provision shall not require arbitration of any claim arising thereunder, nor may anything not otherwise herein provided for or as may be provided in the form prescribed by the Chief Insurance Commissioner be required of the insured except the establishment of legal liability of the uninsured motorist, nor shall the insured be restricted or prevented in any manner from employing legal counsel or instituting legal proceedings.

(8) The Uninsured Motorist Provision need not insure any liability for property damages for which loss a policyholder has been compensated by insurance or otherwise.

(9) The automobile liability policy need not insure any liability under the Workmen's Compensation Law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of the motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured."

Be it enacted by the General Assembly of the State of South Carolina :

**SECTION 1. Findings of General Assembly.**—By Act No. 1008 of the Acts of the General Assembly of the State of South Carolina,

1962, the Board of Trustees of Winthrop College (the trustees) are authorized to borrow not exceeding two million dollars for the purpose of acquiring student housing facilities, as therein defined, by the issuance of bonds payable from the entire revenue derived by Winthrop College from all student housing facilities which it may now or hereafter possess or utilize, as therein prescribed. The General Assembly has ascertained that an expenditure of two million dollars is urgently required to provide for:

(a) The construction of a complex building, consisting of dormitories and a student cafeteria; and

(b) For renovation and improvement to existing student facilities. The question has arisen as to whether Section 4 of Act No. 1008 as enacted permits the use of the proceeds of the bonds for the constructing and equipping of a cafeteria. To remove such question, the General Assembly has determined to amend Act No. 1008 of 1962 in such manner as to permit the issuance of the two million dollars of bonds authorized thereby for the aforesaid purposes.

**SECTION 2. Section 4 of Act 1008 of 1962 amended—Winthrop College may borrow money—use of proceeds.**—Section 4 of Act No. 1008 shall be amended by adding at the end of Section 4 the following: "*Provided*, that for the purposes of this act a building, including both dormitory and cafeteria facilities, shall be deemed to provide housing, auxiliary, and related facilities, within the meaning of this act." so that Section 4 when so amended shall read as follows:

"Section 4. To the end that the trustees may acquire such additional student housing facilities, the trustees shall be permitted to borrow, in addition to the loan evidenced by the bonds described in Section 1, from time to time, not exceeding in the aggregate, two million dollars, as well as such further sum as the trustees may determine to borrow for the purpose of refunding all or any part of the outstanding revenue bonds of Winthrop College. So much of the proceeds of the loans herein authorized as shall not be required to retire outstanding bonds shall be used in the construction, reconstruction, and equipping of dormitories and buildings designed for student housing, and auxiliary, and related facilities, to be located on lands owned by Winthrop College. Such buildings, when constructed, shall be used for the purpose of providing housing, and auxiliary and related facilities, for students of Winthrop College. *Provided*, that for the purposes of this act a building, including both dormitory and cafeteria facilities, shall be deemed to provide

housing, auxiliary, and related facilities, within the meaning of this act.”

**SECTION 9. Fiscal year and audit.**—The district shall conduct its affairs on the fiscal year basis employed by the State. The notice shall specify in brief the scope of the regulations, and shall state the date on which the same shall become effective. (a) By striking the word "water" from the name of "Piedmont Water, Sewer and Light District of Anderson and Greenville Counties" so that the name of the district shall be "Piedmont Sewer and Light District of Anderson and Greenville Counties."

“Section 1. All proceedings taken in connection with the establishment of Piedmont Sewer and Light District of Anderson and Greenville Counties (heretofore known as Piedmont Water, Sewer and Light District of Anderson and Greenville Counties) stand validated, ratified, approved and confirmed and the territory set forth in Act No. 389 of the Acts and Joint Resolutions of the General Assembly, 1955, and delineated upon a plat captioned ‘Property of Piedmont Mfg. Co., Greenville and Anderson Counties’, made by Dalton & Neves, bearing date June 1, 1947, revised March 25, 1948 and being of record in Plat Book GG, page 116-117 of the records of Greenville County, and in Plat Book 27, page 208-209 in the public records of Anderson County, shall be a district known as ‘Piedmont Sewer and Light District of Anderson and Greenville Counties’ (heretofore known as ‘Piedmont Water, Sewer and Light District of Anderson and Greenville Counties.’) Such district shall be a public corporation of perpetual succession and shall have the functions prescribed by

this act, those committed to it by the statute law mentioned in the recitals to this act, and those granted by all acts amendatory hereof.

Section 2. The district shall be operated and managed, and all functions committed to the district shall be performed by a commission which shall be known as 'Piedmont Sewer and Light Commission' (heretofore known as 'Piedmont Water, Sewer and Light Commission'). Its present membership shall consist of: O. B. Thompson, whose present term of office expires on December 1, 1964; C. H. Hammonds, whose present term of office expires on December 1, 1966; and Charles M. Poole, whose present term of office expires on December 1, 1968. Successors shall be elected by the qualified electors of the district in each general election held hereafter, for terms of six years. In the event of a vacancy in office occurring by reason of death, resignation or otherwise, a successor shall be appointed for the balance of the unexpired term by the Governor, upon the recommendations of the Senators of Anderson and Greenville Counties. All commissioners shall hold office until their respective successors have been elected and have qualified.

Section 3. There is hereby committed to the district the functions of constructing, operating, maintaining, improving and extending a public sewer system, and a system whereby the more traveled thoroughfares within the district can be lighted by means of electricity or otherwise. To that end the commission shall be empowered as follows:

1. To have perpetual succession.
2. To sue and be sued.
3. To adopt, use and alter a corporate seal.
4. To make by-laws for the management and regulation of its affairs, and to define a quorum for its meetings.
5. To deposit moneys derived from revenue-producing facilities, and to withdraw the same for the purpose of operating and maintaining such facilities.
6. To prescribe regulations requiring persons who shall be residents of the district to make use of any sewer system which the district shall place in operation. Such regulations shall, however, become effective only after they have been adopted by resolution of the commission, a certified copy thereof has been recorded in the Register of Mesne Conveyance offices for Anderson and Greenville Counties, additional copies have been posted in the courthouses for Anderson and Greenville Counties and in at least two public places in the dis-

tract, and notice of the adoption of the regulations shall be published at least once for three successive weeks in a newspaper published in and having general circulation in the district. The notice shall specify, in brief, the scope of the regulations and shall state the date on which they shall become effective. Prior to the adoption of the resolution, the commission shall give public notice of the meeting which is to be held to consider their adoption, and the notice shall appear in a newspaper published in and having general circulation in the district, not less than seven days prior to the occasion fixed for the holding of the meeting. The provisions of this paragraph, prescribing conditions upon the effectiveness of regulations adopted to require compulsory use of sewer facilities, shall not be deemed to impose conditions upon the making or adoption of any other type of regulation authorized by this act.

7. To acquire, purchase, hold, use, lease, mortgage, sell, transfer and dispose of any property, real, personal or mixed, or any interest therein; *provided*, that the entire water facilities and water works system heretofore owned or acquired by the district under the authority of Act No. 389 of the Acts and Joint Resolutions of the General Assembly, 1955, shall continue to be operated by the district until such water works system shall be sold or transferred by the commission upon such terms and conditions as it shall deem advisable and proper, to any other district, municipality, or other political subdivision of this State authorized and empowered to operate such system or facility; *provided*, further, that upon the sale or transfer of the water facilities and water works system, the district shall no longer be empowered to construct, acquire, maintain, operate, or manage any type of water works system or water distribution facilities.

8. To build, construct, operate and maintain a system for the collection and disposal of sewage, including the construction of sewer mains and sewer lines, and from time to time enlarge and extend the system.

9. To establish a system of street lighting wherever practical.

10. To place into effect and to revise, whenever it so wishes or may be required, a schedule of rates and charges for the use made of its sewage disposal system.

11. To make use of county and State highway rights-of-way in which to lay pipes and lines, in such manner and under such conditions as the appropriate officials in charge of such rights-of-way shall approve.

12. To exercise the power of eminent domain for any corporate function. The power of eminent domain may be exercised through any procedure prescribed by Chapter 3, Title 25, of the 1962 Code, or by following the procedure for the exercise of eminent domain by the State Highway Department, prescribed by Article 2, Chapter 3, Title 33, of the 1962 Code, as such statutes are now constituted or as they may afterwards be constituted following any amendments thereto.

13. To appoint officers, agents, employees and servants, to prescribe the duties of such, to fix their compensation, and to determine if and to what extent they shall be bonded for the faithful performance of their duties.

14. To make contracts for construction, engineering and other services, with or without competitive bidding.

15. To issue, under the conditions prescribed by paragraph 17 of this section, *infra*, general obligation bonds of the district in an amount not exceeding two hundred thousand dollars.

16. In addition to the power given by paragraph 15 of this section, *supra*, to borrow money, and make and issue negotiable bonds, notes and other evidences of indebtedness payable solely from all or any part of the revenues derived from the operation of any revenue producing facility. The sums borrowed may be those needed to pay all costs incident to the construction and establishment of its sewer system, or such sum as may be needed to pay the cost of any extension, addition and improvement to the sewer system. If the method of financing authorized by this paragraph be availed of, then, under such circumstances, neither the faith and credit of the State of South Carolina, nor of Greenville and Anderson Counties, nor of the district shall be pledged for the payment of the principal and interest of the obligations, and there shall be on the face of each obligation a statement, plainly worded, to that effect. Neither the members of the commission nor any person signing the obligations shall be personally liable thereon. To the end that a convenient procedure for borrowing money pursuant to this paragraph may be prescribed, the district shall be fully empowered to avail itself of all powers granted by Article 6, Chapter 4, Title 59, and by Chapter 6, Title 59, of the 1962 Code, as now or hereafter constituted, it being the intent of this provision that further amendments and modifications of these code provisions shall be deemed to amend and revise correspondingly the powers granted by this paragraph. In exercising the powers conferred upon the district by the code provisions, the district may make all pledges and

covenants authorized by any provision thereof, and may confer upon the holders of its securities all rights and liens authorized by the code provisions. Specifically, and notwithstanding contrary provisions in any of the code provisions, if contrary provisions there be, the district may:

(a) Provide that such bonds, notes or other evidences of indebtedness be payable, both as to principal and interest, from the net revenues derived from the operation of any revenue producing facility, as such net revenues may be defined by the commission.

(b) Covenant and agree that upon it being adjudged in default as to the payment of any installment of principal or interest upon any obligation issued by it or in default as to the performance of any covenant or undertaking made by it, that in such event, the principal of all obligations of such issue may be declared forthwith due and payable, notwithstanding that any of them may not have then matured.

(c) Confer upon a corporate trustee the power to make disposition of the proceeds from all borrowings and all revenues derived from the operation of the revenue producing facility, whose revenues are pledged for the payment of such obligations, in accordance with and in the order of priority prescribed by the resolutions adopted by the commission as an incident to the issuance of any notes, bonds or other evidences of indebtedness.

(d) Dispose of its obligations at public or private sale, and upon such terms and conditions as it shall approve.

(e) Make such provision for the redemption of any obligations issued by it prior to their stated maturity, with or without premium, and on such terms and conditions as the commission shall approve.

(f) Covenant and agree that any cushion fund established to further secure the payment of the principal and interest of any obligations shall be in a fixed amount.

(g) Covenant and agree that no free service will be furnished to any person, firm, corporation, municipal corporation, or any subdivision or division of the State.

(h) Prescribe the procedure, if any, by which the terms of the contract with the holders of its obligations may be amended, the number of obligations whose holders must consent thereto, and the manner in which such consent shall be given.

(i) Prescribe the events of default and the terms and conditions upon which all or any obligations shall become or may be declared

due before maturity and the terms and conditions upon which such declaration and its consequences may be waived.

17. To issue not exceeding two hundred thousand dollars of general obligation bonds of the district, whose proceeds shall be used to defray the costs of constructing, establishing, maintaining, repairing or renovating a sewer system in the district. For the purpose of this section, the term "construct and establish" shall embrace the cost of direct construction, the cost of all land, property, rights, easements and franchises acquired, which are deemed necessary for such sewer system, the cost of all machinery and equipment needed therefor, payments to contractors, laborers or others for work done or material furnished, financing charges, interest prior to and during construction and for six months after completion of construction, cost of engineering services, legal services, legal expenses, plans, specifications, surveys, administrative expenses and such other expenses as may be necessary or incident to the construction of the sewer system and the placing of the same in operation. General obligation bonds shall be issued only in the event the election required by paragraph 18 shall result favorably. All or any general obligation bonds issued pursuant to this paragraph may be additionally secured by a pledge of the net revenues to be derived from the operation of any revenue producing facility operated and maintained by the district. The words "net revenues" as used in this paragraph shall mean that sum remaining from the aggregate of all moneys realized by the district from rates and charges imposed and collected after paying the cost of operation and maintenance of the facility, whose revenues shall be pledged. If, pursuant to this paragraph, general obligation bonds are issued :

(a) They shall be issued as a single issue or, from time to time, as several separate issues. They shall bear such date or dates as the commission shall determine and the bonds of any issue shall mature in such equal or unequal annual installments as may be determined by the commission. They shall be made payable at such place or places as the commission shall prescribe and shall bear interest at such rate or rates, payable in such manner as the commission may determine. The bonds may be registered with the privilege to the holder of having them registered as to principal on the books of the Treasurer of Greenville County and the principal thus made payable to the registered holder (unless the last registered transfer shall have been to bearer), upon such conditions as the commission may prescribe. Any bond issued pursuant to this paragraph may be made subject to re-

demption prior to its stated maturity on such terms and conditions, and with such redemption premium, as the commission shall prescribe.

(b) They shall be sold at not less than par and accrued interest to the date of their respective deliveries at public sale and, at least ten days prior to any sale, notice announcing the intention to receive bids for the sale of such bonds shall be published in a newspaper of general circulation in the State of South Carolina. In offering the bonds for sale the commission shall reserve the right to reject any and all bids, and if all bids shall be rejected the commission may negotiate privately for the disposition of such bonds.

(c) Such bonds shall be executed in the name of Piedmont Sewer and Light District by the Chairman of the Piedmont Sewer and Light Commission and by the Treasurer of Greenville County and the Treasurer of Anderson County under the seal of the district. The coupons attached to such bonds may be authenticated by the facsimile signatures of the Chairman and the Treasurer of Greenville County and the Treasurer of Anderson County who are in office on the date of such bonds. The delivery of any bonds so executed and authenticated shall be valid, notwithstanding any changes in officers occurring after such execution or authentication.

(d) There shall be irrevocably pledged for the payment of the bonds and interest, as they mature, the full faith, credit and resources of the district, and the Auditor and Treasurer of Greenville County and the Auditor and Treasurer of Anderson County, respectively, are hereby authorized and directed to levy and collect annually a tax upon all taxable property (any and all property belonging to any municipal corporation and/or the commission of public works of any municipal corporation being hereby expressly excluded where not already excluded under other laws) within that portion of the district lying within their respective counties sufficient to pay the bonds and interest as they respectively mature, and to create such sinking fund as may be necessary for the redemption of the bonds and interest at their respective maturities. The Treasurer of Anderson County shall periodically remit to the Treasurer of Greenville County that portion of the tax levy collected by him in order that the Treasurer of Greenville County may remit to the paying agent of the bonds the sums required to meet the payment of the principal and interest of the bonds. The bonds may be additionally secured by a pledge of the net revenues which the district may derive from the operation of any revenue-producing facility. In such event such net revenues as shall be

available shall be delivered to the Treasurer of Greenville County prior to the occasion when the Auditor fixes the annual levy. The annual ad valorem tax herein directed to be levied may be reduced in each year by the amount of net revenues as aforesaid actually in the hands of the Treasurer of Greenville County at the time the tax for such year is required to be levied, and the tax may be entirely suspended for any year in case such moneys on hand, applicable as aforesaid, are sufficient to pay both principal and interest then due or falling due in such year and remaining unpaid.

(e) The pledge of net revenues authorized by subparagraph (d) of this paragraph need not, in the discretion of the commission, be exclusive and the commission may reserve the right to issue further bonds, payable in whole or in part, from such net revenues, on a parity with the bonds authorized by this paragraph, under such conditions as the commission may prescribe.

(f) The proceeds derived from the sale of such bonds shall be deposited with the Treasurer of Greenville County in a separate and special fund and shall be expended upon the warrants or orders of the commission for the purposes specified herein, and no others, except that any premium received shall be deposited with the Treasurer of Greenville County and by him applied to the first installment of principal becoming due on the bonds, and any accrued interest received shall be applied by the Treasurer of Greenville County to the first installment of interest becoming due on the bonds. Neither the purchasers of the bonds, nor any subsequent holders thereof, shall be responsible for the proper application of the proceeds of sale.

(g) The bonds and the interest thereon shall have the tax exempt status prescribed by Sections 65-4.1 and 65-1522, Code of Laws of South Carolina, 1962.

18. The commission is empowered to fix a date for the holding of a special election in the district for the purpose of submitting to the qualified electors of the district the question of issuing general obligation bonds of the district for the purposes authorized by paragraph 17, *supra*. The election shall be conducted by the Commissioners of Election for Anderson County and Greenville County, who shall jointly give notice thereof by publication once each week for three successive weeks prior thereto, in a newspaper with general circulation in the district, stating the question to be submitted at the election, and specifying the amount in dollars of the bonds proposed to be issued. The election shall be conducted in each of the several precincts

of the district as they are now established by law, and at the regular voting place therein, if such be within the district; otherwise, the commissioners of election shall designate a suitable voting place within such precinct. The question submitted shall show on its face the purposes for which the proceeds of the bond issue are to be expended and shall be substantially in the following form:

“Shall the Piedmont Sewer and Light Commission of Anderson and Greenville Counties issue general obligation bonds in a sum not exceeding Two Hundred Thousand Dollars, the proceeds of which shall be used to construct and establish a sewer system in the District?

YES

NO”

The ballot shall contain suitable instructions, advising the voter that if he favors the issuance of bonds he shall erase or strike through the word “NO”, and that if he is opposed to the issuance of bonds, he shall erase or strike through the word “YES”. The managers of election at each precinct shall count the ballots and forthwith return the result of the election, together with the original ballots and tally sheets, to the commissioners of election for the county in which such precinct is located. The commissioners of election of each county shall return the results of the voting in each county to the commission, which shall thereupon declare the result of the election. If the commission determines that a majority of the voters voting in the election voted in favor of the issuance of bonds, the bonds, or any part thereof, may be issued, as provided in paragraph 17, *supra*, of this section; but if the commission determines that a majority of the ballots cast in the election be against the issuance of bonds, then no bonds shall be issued under the provisions of paragraph 17, *supra*, of this section. Save and except as herein provided, the election shall be conducted in accordance with the provisions of the South Carolina Election Law.

19. Do all other acts and things necessary or convenient to carry out any function or power committed or granted to the district.

20. The commission is vested with the power to raise funds for discharging the duties vested in it by levying a tax therefor. The commission shall notify the Auditor and Treasurer of Greenville County and of Anderson County of any desired tax, whereupon they shall assess and collect the tax as requested and each treasurer shall hold the funds and disburse them as directed by the commission. All such taxes shall constitute a lien upon the property against which the same

are levied, on a parity with the lien of county taxes, and the provisions of law relating to penalties for the nonpayment or tardy payment of county taxes, and the provisions relating to sale of property for delinquent county taxes shall apply to taxes levied pursuant to this act.

**SECTION 2. Procedure for adding territory to district.**—The property of any person in Anderson County or Greenville County which adjoins the district may be added to the district upon the written petition of the property owner and approval of the petition by the commission of the district.

The district is hereby authorized to take in any area contiguous to the district. Before any area shall be taken into the district, a majority of the freeholders in the prospective area must petition in writing to the commission requesting that they be taken into the district. Each petition must have attached to it a survey or plat showing the area to be taken into the district. No area shall be taken into the district unless a majority of the commission of the district approve the petition. A hearing by the commission on the acceptance or rejection of the petition shall be held, but notice of the hearing shall be given at least one week prior to the time the commission acts on the petition by publishing same in a newspaper in the county stating the time, place and purpose of the meeting and clearly defining the area proposed to be included in the water and sewer district.

Once the new area is included in the district, the residents of the area shall be entitled to all of the benefits and services rendered to the residents of the district and shall be taxed as other property lying within the district.

**SECTION 3. Saving clause.**—If any part of this act shall be held unconstitutional, such unconstitutionality shall not affect the remainder of this act.

**SECTION 4 Repeal.**—All acts or parts of acts inconsistent herewith are repealed.

**SECTION 5. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 3rd day of June, 1963.

It has, therefore, determined to authorize the County Board of Education of Beaufort County (the county board), as the governing board and central authority of the Beaufort County public school system, and the Treasurer of Beaufort County to borrow such sum as shall be required for the above purpose, in order that the construction of such facility can be instituted at once, under the terms and conditions of this act.

**SECTION 3. Note — date — interest — maturity — execution.**

—Such borrowing shall be evidenced by a note of School District No. 1 of Beaufort County, bearing such date and rate of interest, having such maturity, not exceeding five years from the date thereof, and in such form as the county board shall determine. Any note issued pursuant to this act shall be executed in such manner as the county board shall provide, but shall be countersigned or attested by the Treasurer of Beaufort County.

**SECTION 4. Manner—negotiation.**—The borrowing hereby authorized shall be effected in such manner as the county board shall determine and may be negotiated with the State Budget and Control Board of South Carolina, Division of Sinking Funds and Property, or with any private banking institution.

**SECTION 5. Date further.**—In fixing the date, interest payment date and maturity, the county board shall endeavor to make the same conform to the anticipated date on which entitlements pursuant to Article 2, Chapter 10, Title 21, of the 1962 Code, shall be received and all such entitlements to which School District No. 1 of Beaufort County shall become entitled shall be applied to the payment of the principal and interest of the loan, until it shall be paid in full, and for no other purpose.

**SECTION 6. Payment.**—For the payment of the loan, both principal and interest, the full faith and credit of School District No. 1 of Beaufort County shall be pledged and there shall be annually levied and collected by the Auditor and Treasurer of Beaufort County an ad valorem tax upon all taxable property in the district sufficient to provide for the payment of the principal and interest thereof, but the ad valorem tax shall be reduced to the extent that there shall be moneys available for the payment of the note from the entitlements to which School District No. 1 shall be entitled pursuant to Article 2, Chapter 10, Title 21, of the 1962 Code.

**SECTION 7. Powers to be additional.**—The powers granted by this act shall be in addition to all other powers granted to the county board.

**No. 462**

**An Act To Authorize The County Supervisor And The County Treasurer Of Berkeley County To Issue And Sell Not Exceeding One Hundred Seventy-Five Thousand Dollars Of General Obligation Bonds Of Berkeley County; To Prescribe The Purposes For Which The Bonds Shall Be Issued; To Make Provision For The Payment Of The Bonds; And To Repeal Part III Of Act No. 1044 Of 1962, Authorizing A Similar Bond Issue.**

Be it enacted by the General Assembly of the State of South Carolina :

**SECTION 1. Findings of General Assembly.**—The General Assembly finds that by Act No. 841 of the Acts of 1962, now in the process of amendment by legislation enacted in *pari materia*, there has been created and is in existence the Area Commission for the Charleston Technical Education Center. The Area Commission has been created in order that the Counties of Berkeley, Charleston and Dorchester may cooperate with the program instituted by Article 7, Chapter 15, Title 21, of the 1962 Code.

The General Assembly further finds that there is an immediate need that such program be instituted promptly for the area affected. Under the provisions of the State program it is required that cooperating counties furnish the physical facilities necessary to implement the program, and thereafter supervise and maintain them. Surveys conducted indicate that a suitable building, or buildings, with appropriate facilities and equipment, located in a convenient place, are necessary before the State program can begin to function in Berkeley, Charleston and Dorchester Counties. The General Assembly has, therefore, determined to empower the County Supervisor and the County Treasurer of Berkeley County to issue general obligation bonds of Berkeley County, to the extent herein provided, in order to provide Berkeley County's share of the funds required for the construction and equipping of suitable facilities. In so determining, the General Assembly has found that the basic purpose of the program is to educate, in technical and vocational fields, those to whom the program will become available, and that the purpose of the expenditure is educational and is, therefore, one which counties are authorized to undertake pursuant to Section 6 of Article X of the Constitution of South Carolina.

**SECTION 2. Berkeley County may issue bonds for Area Commission.**—In order to provide funds to be expended by the Area

Commission for the acquisition of a suitable site and the construction and equipping thereon of appropriate facilities, the County Supervisor and the County Treasurer of Berkeley County are hereby authorized and empowered to issue and sell general obligation bonds of Berkeley County in an aggregate principal amount not exceeding one hundred seventy-five thousand dollars.

**SECTION 3. Issue.**—The bonds authorized by this act may be issued as a single issue, or from time to time as several separate issues.

**SECTION 4. Denominations—maturity.**—The bonds shall be in such denominations and shall mature in such annual series or instalments as the county supervisor and county treasurer shall provide, except that the last maturing bonds shall mature not later than twenty years from the date as of which the bonds shall be issued.

**SECTION 5. Redemption.**—The bonds issued pursuant to this act may be issued with a provision for their redemption prior to their stated maturities at par and accrued interest, plus such redemption premium as may be prescribed by the county supervisor and county treasurer, but no bond shall be redeemable before maturity unless it contains a statement to the effect. If bonds are made subject to redemption, provision shall be made in the proceedings authorizing the issuance of the bonds, specifying the manner of call and the notice thereof that must be given.

**SECTION 6. Form.**—The bonds shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Berkeley County, upon such conditions as the county supervisor and county treasurer may prescribe. Except when so registered, all bonds issued pursuant to this act shall have all attributes of negotiable instruments under the law merchant and the negotiable instruments law.

**SECTION 7. Where payable.**—The bonds issued pursuant to this act shall be made payable at such places, within or without the State, as the county supervisor and county treasurer shall provide.

**SECTION 8. Interest.**—Bonds issued pursuant to this act shall bear interest at rates determined by the county supervisor and county treasurer.

**SECTION 9. Execution.**—The bonds, and the coupons to be thereunto attached, shall be executed in such manner as the county supervisor and county treasurer shall by resolution prescribe.

**SECTION 10. Sale.**—Bonds issued pursuant to this act shall be sold at a price of not less than par and accrued interest to the date of their respective deliveries. They shall be sold after public advertisement of their sale in a newspaper of general circulation in South Carolina. The published notice shall appear not less than ten days prior to the occasion set for opening bids.

**SECTION 11. Payment.**—For the payment of the principal and interest of all bonds issued pursuant to this act, as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of Berkeley County shall be irrevocably pledged, and there shall be levied annually by the Auditor of Berkeley County, and collected by the Treasurer of Berkeley County, in the same manner as county taxes are levied and collected, a tax without limit on all taxable property in Berkeley County, sufficient to pay the principal and interest of such bonds as they respectively mature, and to create such sinking fund as may be necessary therefor.

**SECTION 12. Exempt from taxes.**—The principal and interest of any bonds issued pursuant to this act shall have the tax exempt status prescribed by Sections 65-4.1 and 65-1522, of the 1962 Code.

**SECTION 13. Proceeds.**—The proceeds derived from the sale of any bonds issued pursuant to this act shall be paid to the Treasurer of Berkeley County, and shall be deposited in a bond account fund, and shall be expended and made use of as follows:

(a) Any accrued interest shall be applied to the payment of the first instalment of interest to become due on such bonds.

(b) Any premium shall be applied to the payment of the first instalment of principal of such bonds.

(c) The remaining proceeds shall be expended, on the warrant of the County Supervisor and County Treasurer of Berkeley County, to defray the cost of issuing the bonds authorized hereby, and to pay the costs incurred in the acquisition, construction and equipping of facilities of the sort described in Section 1.

(d) If any balance remain, it shall be held by the Treasurer of Berkeley County in a special fund and used to affect the retirement of bonds authorized hereby.

**SECTION 14. Powers to be additional.**—The powers and authorizations hereby conferred upon the county supervisor and county treasurer shall be in addition to all other powers and authorizations previously vested therein and may be exercised either independently of or concurrently with comparable action authorized for the governing agencies of Charleston and Dorchester Counties, who by legislation enacted in *pari materia* have been authorized to issue bonds to provide the respective shares of those counties of the cost of the program contemplated by this act.

**SECTION 15. Part III of Act 1044 of 1962, repealed.**—Part III of Act No. 1044 of the Acts of 1962 is repealed.

**SECTION 16. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 22nd day of March, 1963.

**An Act To Authorize St. Andrews Public Service District Commission To Issue Not Exceeding One Hundred Twenty Thousand Dollars Of General Obligation Bonds Of The District; To Prescribe The Purposes For Which The Proceeds Of The Bonds Shall Be Used; To Prescribe The Terms And Conditions Under Which The Bonds Shall Be Issued; And To Make Provision For The Payment Of The Bonds.**

Whereas, the General Assembly finds that St. Andrews Public Service District in Charleston County is a special purpose district heretofore created by Act No. 443 of 1949, and therein was given divers functions, including the function of providing fire protection and garbage disposal facilities in the district. Subsequent legislation modifying the territorial limits of the district and enlarging its functions have not disturbed the aforesaid functions. The territory of the district includes and is comprised of the territories and areas in St. Andrews Parish in Charleston County delineated on a plat of St. Andrews Public Service District which was recorded in the office of the Register of Mesne Conveyances for Charleston County, in Plat Book "N", at page 101; and

Whereas, the General Assembly has determined that the moneys so required should be raised through the issuance and sale of the bonds authorized by this act. Now, therefore,

**An Act To Authorize The County Council Of Charleston County To Issue And Sell Not Exceeding Three Hundred Eighty-Five Thousand Dollars Of General Obligation Bonds Of Charleston County; To Prescribe The Purposes For Which The Bonds Shall Be Issued; To Make Provision For The Payment Of The Bonds; And To Repeal Act No. 1056 Of 1962 Relating To The Issuance Of Two Hundred Seventy Five Thousand Dollars Of General Obligation Bonds Of Charleston County.**

Be it enacted by the General Assembly of the State of South Carolina :

**SECTION 1. Findings of General Assembly.**—The General Assembly finds that by Act No. 841 of the acts of the General Assembly for the year 1962, now in the process of amendment by legislation enacted in *pari materia*, there has been created and is in existence the Area Commission for the Charleston Technical Education Center (the Area Commission). The Area Commission has been created in order that the counties of Berkeley, Charleston and Dorchester may cooperate with the program instituted by Article 7, Chapter 15, Title 21, Code of Laws of South Carolina for the year 1962.

The General Assembly further finds that there is an immediate need that such program be instituted promptly for the area affected. Under the provisions of the State program it is required that cooperating counties furnish the physical facilities necessary to implement the program, and thereafter supervise and maintain them. Surveys conducted indicate that a suitable building, or buildings, with appropriate facilities and equipment, located in a convenient place, are necessary before the State program can begin to function in Berkeley, Charleston and Dorchester Counties. The General Assembly has, therefore, determined to empower the County Council of Charleston County, as the governing agency of Charleston County, to issue gen-

eral obligation bonds of Charleston County, to the extent herein provided, in order to provide Charleston County's share of the funds required for the construction and equipping of suitable facilities. In so determining, the General Assembly has found that the basic purpose of the program is to educate, in technical and vocational fields, those to whom the program will become available, and that the purpose of the expenditure is educational and is, therefore, one which counties are authorized to undertake pursuant to Section 6 of Article X of the Constitution of South Carolina.

**SECTION 2. Charleston County may issue bonds for Area Commission.**—In order to provide funds to be expended by the Area Commission for the acquisition of a suitable site and the construction and equipping thereon of appropriate facilities, the County Council of Charleston County (the County Council) is hereby authorized and empowered to issue and sell general obligation bonds of Charleston County in an aggregate principal amount not exceeding three hundred eighty five thousand dollars.

**SECTION 3. Issue.**—The bonds authorized by this act may be issued as a single issue, or from time to time as several separate issues.

**SECTION 4. Denominations.**—The bonds shall be in such denominations and shall mature in such annual series or instalments as the County Council shall provide for, except that the last maturing bonds shall mature not later than twenty years from the date as of which the bonds shall be issued.

**SECTION 5. Redemption.**—The bonds issued pursuant to this act may be issued with a provision for their redemption prior to their stated maturities at par and accrued interest, plus such redemption premium as may be prescribed by County Council, but no bond shall be redeemable before maturity unless it contains a statement to that effect. If bonds are made subject to redemption, provision shall be made in the proceedings authorizing the issuance of the bonds, specifying the manner of call and the notice thereof that must be given.

**SECTION 6. Form.**—The bonds shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Charleston County, upon such conditions as the County Council may prescribe. Except when so registered, all bonds issued pursuant to this act shall have all attributes of negotiable instruments under the law merchant and the negotiable instruments law.

**SECTION 7. Where payable.**—The bonds issued pursuant to this act shall be made payable at such places, within or without the State, as the County Council shall provide.

**SECTION 8. Interest.**—Bonds issued pursuant to this act shall bear interest at rates determined by the County Council.

**SECTION 9. Execution.**—The bonds, and the coupons to be thereunto attached, shall be executed in such manner as the County Council shall by resolution prescribe.

**SECTION 10. Sale.**—Bonds issued pursuant to this act shall be sold at a price of not less than par and accrued interest to the date of their respective deliveries. They shall be sold after public advertisement of their sale in a newspaper of general circulation in South Carolina. The published notice shall appear not less than ten days prior to the occasion set for opening bids.

**SECTION 11. Payment.**—For the payment of the principal and interest of all bonds issued pursuant to this act, as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of Charleston County shall be irrevocably pledged, and there shall be levied annually by the Auditor of Charleston County, and collected by the Treasurer of Charleston County, in the same manner as county taxes are levied and collected, a tax without limit on all taxable property in Charleston County, sufficient to pay the principal and interest of such bonds as they respectively mature, and to create such sinking fund as may be necessary therefor.

**SECTION 12. Exempt from taxes.**—The principal and interest of any bonds issued pursuant to this act shall have the tax exempt status prescribed by Sections 65-4.1 and 65-1522, Code of Laws of South Carolina, 1962.

**SECTION 13. Proceeds.**—The proceeds derived from the sale of any bonds issued pursuant to this act shall be paid to the Treasurer of Charleston County, and shall be deposited in a bond account fund, and shall be expended and made use of as follows:

(a) Any accrued interest shall be applied to the payment of the first instalment of interest to become due on such bonds.

(b) Any premium shall be applied to the payment of the first installment of principal of such bonds.

(c) The remaining proceeds shall be expended, on the warrant of the Area Commission, to defray the cost of issuing the bonds au-

thorized hereby, and to pay the costs incurred in the acquisition, construction and equipping of facilities of the sort described in Section 1.

(d) If any balance remain, it shall be held by the Treasurer of Charleston County in a special fund and used to effect the retirement of bonds authorized hereby.

**SECTION 14. Powers to be additional.**—The powers and authorizations hereby conferred upon the County Council shall be in addition to all other powers and authorizations previously vested therein and may be exercised either independently of or concurrently with comparable action authorized for the governing agencies of Berkeley and Dorchester Counties, who by legislation enacted in *pari materia* have been authorized to issue bonds to provide the respective shares of those counties of the cost of the program contemplated by this act.

**SECTION 15. Act 1056 of 1962 repealed.**—Act No. 1056 of the Acts of the General Assembly for the year 1962 is hereby repealed.

**SECTION 16. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 27th day of March, 1963.

**No. 473**

**An Act To Authorize And Empower The City Council Of Charleston And The County Council Of Charleston To Convey, And The Citadel, The Military College Of South Carolina, To Acquire, The Johnson Hagood Stadium In The City Of Charleston.**

Be it enacted by the General Assembly of the State of South Carolina :

**SECTION 1. Findings of General Assembly.**—The General Assembly finds that the Johnson Hagood Stadium in the City of Charleston was constructed on lands of the City Council of Charleston, through the joint efforts of the City of Charleston, the County of Charleston, and the State of South Carolina, the latter contributing in order to permit the use of the Stadium by The Citadel, the Mil-

itary College of South Carolina. The contributions on behalf of Charleston County were made in order that the Stadium might be utilized by any of the public schools in Charleston County.

Included in the moneys used for the construction of the Stadium were the proceeds of an issue of one hundred fifty thousand dollars City of Charleston Municipal Stadium Revenue Bonds, dated January 1, 1949, of which forty thousand dollars bearing interest at three and one-half per cent, maturing ten thousand dollars on January first in the years 1964 to 1967, inclusive, are now outstanding. For several years the debt service requirements of these bonds have been paid through State appropriations made on behalf of The Citadel. It now develops that the facilities of the Stadium are insufficient to meet the requirements of The Citadel and the several public schools of Charleston desiring their use, and that further facilities are required. In order to accomplish this purpose it has been agreed, subject to approval by the General Assembly and the respective governing agencies of the political entities and State institution involved, that City Council and County Council should convey to The Citadel, and The Citadel should acquire, the Stadium for a consideration of two hundred forty thousand dollars to be paid to City Council from funds derived from issuance of Institutional Bonds, and the assumption by The Citadel of the payment of the remaining Stadium Revenue Bonds and that with the proceeds made available City Council will construct additional stadium facilities available for athletic activities of public schools in the City and County of Charleston, under conditions similar to which the Stadium is now made available. County Council has determined that existing facilities elsewhere in the county are generally sufficient to serve the needs of other public schools and has agreed to the foregoing upon assurances that the new City Stadium will be made available, upon the terms and conditions that the Stadium is now available, and further assurances on the part of The Citadel that the facilities of the Stadium will be made available to public schools of the City and County under such regulations as The Citadel shall impose, and under the conditions that any proposed use thereof does not conflict with any use of the Stadium made by The Citadel.

The General Assembly has reviewed the proposals thus made and wishes to authorize the City Council and County Council to convey their interests in the Stadium to The Citadel, and The Citadel to acquire such interests upon these conditions.

**SECTION 2. City and County of Charleston may convey Johnson Hagood Stadium to The Citadel.**—The City Council is hereby authorized and empowered to convey to The Citadel the Johnson Hagood Stadium in the City of Charleston, upon the condition that The Citadel shall pay or cause to be paid to the City Council the sum of two hundred forty thousand dollars and shall assume the payment of the principal and interest on the Stadium Revenue Bonds described in Section 1 of this act.

County Council is authorized and empowered to quitclaim any interest it may have or claim in the Stadium to The Citadel upon assurances by City Council that it will utilize the cash payment made to it by The Citadel for the construction of a new City stadium which shall be available for use by the public schools of Charleston County under the same terms and conditions as now exist with respect to the use by such schools of the present Stadium, and upon further assurance on the part of The Citadel that the Stadium will be available for use by the public schools of Charleston County under such regulations as The Citadel may impose whenever any proposed use of the Stadium will not conflict with any use of the Stadium to be made by The Citadel.

The Board of Trustees of The Citadel are authorized to acquire the Johnson Hagood Stadium in the City of Charleston upon the terms and conditions set forth herein, and to pay the considerations herein expressed and to make the assurances set forth above.

Upon the conveyances herein authorized, the operation, management and maintenance of the Johnson Hagood Stadium shall devolve upon The Citadel and the Municipal Stadium Commission of the City of Charleston, created by Chapter 8, Title 5, Code of Laws of South Carolina, 1962, shall cease to function for so long a time as The Citadel shall discharge the existing obligations to the holders of the outstanding Stadium Revenue Bonds, meet the payments of principal and interest as required thereon, and provide adequate maintenance of the Stadium. Upon the payment of all outstanding Stadium Revenue Bonds all duties and functions devolved upon the Municipal Stadium Commission of the City of Charleston shall terminate.

**SECTION 3. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 15th day of May, 1963.

**No. 474****An Act To Validate And Confirm The Action Of The Board Of Township Commissioners Of Folly Beach In Charleston County In Closing And Conveying Certain Street Areas To Folly Beach Ocean Plaza, Inc.**

Whereas, prior to June 14, 1960, because of substantial and continuous erosion resulting from recurrent flooding by tides on Folly Island in Charleston County, a portion of Atlantic Avenue in the vicinity of Center Street, certain portions of Center Street and West Second Street, and a portion of a ten foot lane lying between the southern extension of Arctic Avenue and Atlantic Avenue in such area on the island, became unusable and dangerous to the public; and

Whereas, because of such conditions such areas of the streets had in fact been closed to public use for some time prior to June 14, 1960; and

Whereas, prior to such date the Board of Township Commissioners of Folly Beach entered into an agreement with Folly Beach Ocean Plaza, Inc., whereby in consideration of the latter's undertaking to erect a large and substantial breakwater and retaining wall along the right-of-way of Atlantic Avenue in the area, and to erect other improvements upon the streets and portions of streets in the area, and to subject certain portions of its property, to wit a twenty foot walkway and a ten foot lane (referred to in the deed herein-after-mentioned) to an easement for use as a walkway by the public, the Board of Township Commissioners agreed that upon completion of the improvements to its satisfaction it would convey to the Folly Beach Ocean Plaza, Inc., a corporation, the street areas that had been closed to the public as aforesaid; and

Whereas, on June 14, 1960, the improvements so agreed to be made by Folly Beach Ocean Plaza, Inc., having been completed to the satisfaction of the Board of Township Commissioners, the board adopted a resolution officially closing the street areas, and on the same day executed and delivered to Folly Beach Ocean Plaza, Inc., a deed, now of record in the R.M.C. Office for Charleston County in Book S-70, at page 546, conveying to the Folly Beach Ocean Plaza, Inc., the street areas before-mentioned, being described in the deed as follows:

All of those streets and portions of streets and lanes of the Township Commission, situate, lying and being within the lines,

A-B, B-F, F-C, C-D, D-E, E-A, on a plat of said area entitled Project No. 597, Folly Beach Ocean Plaza, Folly Beach, South Carolina, made by R.B. Russell, Registered Professional Engineer, dated March 20, 1960, hereto attached and made a part and parcel of this conveyance.

The streets and portions of streets herein described and conveyed consist of that section of Atlantic Avenue between the lines A-B and C-D shown on said plat as well as portions of Center Street, West 2nd Street and a ten (10) foot lane shown on said plat, lying between Atlantic Avenue and the southern edge of Arctic Avenue.

and;

Whereas, it is doubtful that the board of commissioners had power, without the sanction of an act of the General Assembly, to close and convey the areas as aforesaid, and it is desirable that such action by the board be now validated and confirmed. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina:

**SECTION 1. Closing and conveying streets—validated.**—The action of the Board of Township Commissioners of Folly Beach in closing the street areas hereinafter described, and in conveying such areas to Folly Beach Ocean Plaza, Inc. is hereby validated and confirmed, the areas being: All of those streets and portions of streets and lanes on Folly Island, in Charleston County, situate, lying and being within the lines A-B, B-F, F-C, C-D, D-E, E-A, on a plat entitled project No. 597, Folly Beach Ocean Plaza, Folly Beach, South Carolina, made by R.B. Russell, Registered Professional Engineer, dated March 20, 1960, referred to in the deed of conveyance by the Board of Township Commissioners of Folly Beach to Folly Beach Ocean Plaza, Inc., dated June 14, 1960, and of record in the R.M.C. Office for Charleston County in Book S-70, at page 546, the plat being of record in the R.M.C. Office aforesaid in Plat Book M, at page 138, the streets and portions of streets referred to consisting of that section of Atlantic Avenue between the lines A-B and C-D shown on the plat, as well as portions of Center Street and West Second Street, and a ten foot lane shown on the plat lying between Atlantic Avenue and the southern edge of Arctic Avenue.

**SECTION 2. Time effective.**—This act shall take effect upon approval by the Governor.

Approved the 14th day of June, 1963.
